

# ST. PHILIP'S COLLEGE

A Point of Pride in the Community

# ABOUT US

## A POINT OF PRIDE IN THE COMMUNITY

St. Philip's College is among the oldest and most diverse community colleges in the nation. Opening March 1, 1898, the school began as a weekend sewing class for six black girls, taught by Miss Alice G. Cowan, a missionary with the Episcopal Church. It is a comprehensive multi-campus institution dedicated to meeting the educational needs of San Antonio's growing community.

SPC is the only college in the U.S. with the distinct dual designation as a Historically Black College and Hispanic Serving Institution. SPC has an enrollment of approximately \*12,653 credit students per semester and approximately \*2,998 dual credit, early college high school, and academy students annually. (\*Enrollment numbers as of Fall 2022)

### WALK IN YOUR PASSION

### JOIN OUR TIGER FAMILY

# PAY FOR COLLEGE

## GET MORE FOR YOUR MONEY

St. Philip's College offers high-quality, cost-effective education. Federal, state, and institutional funds can be used to assist you in paying for your education. If eligible, these resources can help reduce college costs significantly.

### Degree-seeking Students

# SOUTHWEST CAMPUS

## WE LEAD IN CAREER TECHNICAL AND INDUSTRY TRAINING

Our Southwest Campus serves a vital role as South Texas region's primary center for technical and industrial training and education. The college prepares you to pursue an industrial or technical career through a certificate or associate degree program. SPC Southwest Campus also provides education and training for employees facing career transitions and provides customized training for employers. It has expanded programs to connect you with prominent industry partners.

Participation in the National Association of Home Builders Student Chapter has increased opportunities for community service at project sites. Increased access to solar power/renewable energy scholarships and industry internships help you get inside your chosen career path.

SPC SWC is a testing center for various industry certifications such as: American Welding Society (AWS), Environmental Protection Agency (EPA), Occupational Safety and Health Administration (OSHA), North American Board of Certified Energy Practitioners (NABCEP), National Center for Construction Education & Research (NCCER), Manufacturing Skill Standards Council (MSSC), and more.

# Bachelor of Applied Technology Cybersecurity

## OSA

The Cyber First Responders Occupational Skills Award is designed to prepare first responders to effectively and efficiently act to counter cyber-based terror attacks against our nation's network-based infrastructure. With this award, you may seek jobs such as **Cyber Incident Handler**.

## OSA

The CompTIA Security + Certification Preparation Occupational Skills Award is an international certification that proves competency in system security, network infrastructure, access control and organizational security. With this award, you may seek jobs such as **IT Security Compliance Analyst**.

## OSA

The CompTIA Linux+ Certification Preparation Occupational Skills Award is a great way to start your career in IT. Earning certifications shows not only that you have the right knowledge and skills to do the job, but that you are dedicated to your career. With this award, you may seek jobs such as **Linux System Administrator**.

## LEV1

The Information Technology Cybersecurity Specialist Level I Certificate prepares students to design, implement and secure computer networks and can be completed in one year face-to-face or fully online. With this award, you may seek jobs such as **Information Security Analyst**.

## AAS

The Information Technology Cybersecurity Specialist, Associate of Applied Science degree prepares students to respond to security breaches, cyber attacks and, in some cases, data gathering for evidence to be used in prosecuting cyber crime. Students learn to design, implement and secure computer networks. The program of study for the associate of applied science degree is 60 semester credit hours and you can earn several occupational skills awards and a level 1 certificate while pursuing this degree. Information Technology Cybersecurity Specialist, A.A.S. in offered face-to-face or fully online. With this award, you may seek jobs such as **Cyber Security Analyst / Cyber Security Specialist**.

## BAT | Starts Fall 2024

### Bachelor of Applied Technology (BAT) in Cybersecurity

The Bachelor of Applied Technology (BAT) in Cybersecurity degree plan is an additional 60 semester credit hours above an associate degree. The combined total of 120 semester credit hours will qualify students to receive a Bachelor of Applied Technology in Cybersecurity Degree. With this award, you may seek jobs such as **Information Technology Project Managers (Median Salary: \$91,635)**, **Security Management Specialists (Median Salary: \$73,620)** and **Database Administrators (Median Salary: \$100,307)**.
