

# 2013 Distinguished Graduate

## Kim-Briana Lorine

Biology

*"The seed of success lies within every one of us-perseverance and nourishment helps it to grow and thrive."*

*-Kim-Briana Lorine*

## Biography

Kim-Briana Nguyen Lorine is a proud Distinguished Graduate in Biology. She was homeschooled all before college and has also published a children's book.

Kim is also Beta Nu chapter president of Phi Theta Kappa Honor Society at San Antonio College. In addition to being in Phi Theta Kappa, she is also active with SGA and the Office of Student Life events. She is currently working at the SAC Writing Center as a Level 3 CRLA Certified Master Tutor.

Kim's major is Biology and plans to pursue Pre-Med after graduating from San Antonio College. She has applied to UCLA, St. John's University, and a few other universities, two of which she have already been accepted. She hopes everyone has a great semester and would like to congratulate all of her fellow Distinguished Graduates. May you all go far in life!
