

Installing the Microsoft Office 2007 Compatibility Pack

Microsoft has added new file formats to Microsoft Office Word, Excel, and PowerPoint 2007 to reduce file size, improve security and reliability, and enhance integration with external sources. To help ensure that you can exchange documents between Microsoft Office releases, Microsoft has developed a Compatibility Pack for the Office Word, Office Excel, and Office PowerPoint 2007 File Formats.

The procedures listed below apply to your home or office workstation that is running an older version of MS Office, such as Office 2000, Office XP, or Office 2003.

Installing the Compatibility Pack

By installing the Compatibility Pack along side of Microsoft Office XP, or Office 2003, you will be able open, edit, save, and create Office 2007 files.

Office 2000, Office XP, and Office 2003 Users:
[Click here to download the Compatibility Pack](#)

Please see examples 

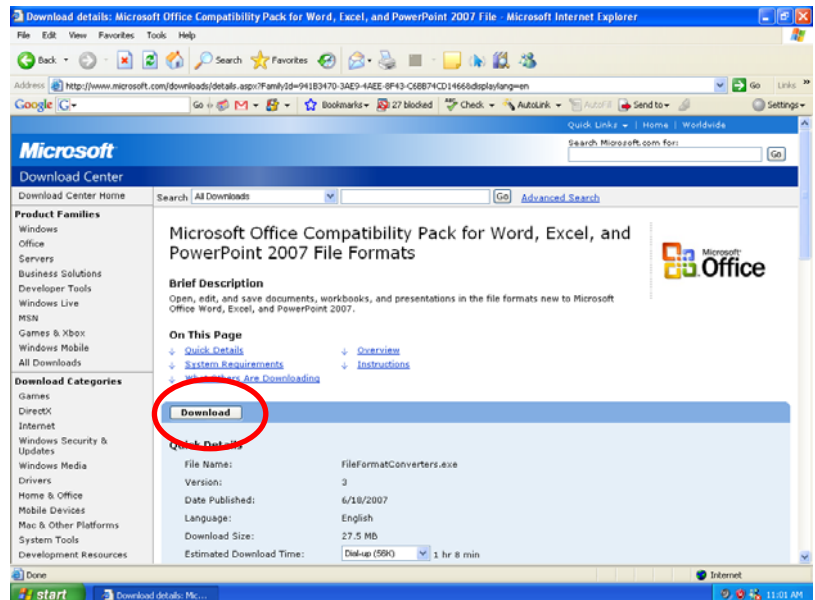

After installing the Compatibility Pack

The Compatibility Pack installs in the background so no reboot is required, once the installation is finished you will be ready to start exchanging files Microsoft Office 2007 users.

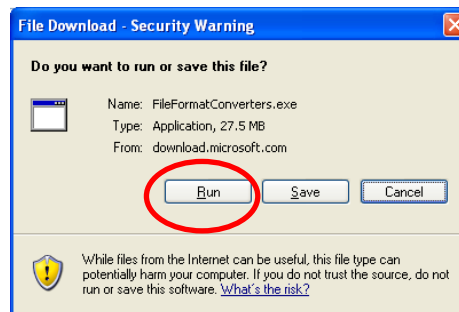

If you need further assistance contact Support Central at 210-220-1616 or helpdesk@mail.accd.edu

Note: Due to technical issues or limited access rights on the office workstations, you may experience difficulty installing the MS Office Compatibility Pack. Please contact Support Central at 220-1616 or one of your College helpdesks for personal technical assistance.
