Parent/Student Consent for Release of Information and Participation in the School Program for the duration of the student's School career.

I, _____ and _____, understand
(Print: Parent/Legal Guardian's Name) (Print: Student's Name)

The College:

- Will be authorized to obtain and use, for program purposes, the student's High School (herein called School) records, including, without limitation, parent residency information (if necessary), transcripts, test scores and grades to determine eligibility, and behavioral and disciplinary information. College is also authorized to share student records information with School. Information will be shared from School to College and/or College to School via a secure electronic transfer of documents containing student information.
- Will comply with the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99). All information provided to Alamo Colleges District relating to educational records will be confidential and Alamo Colleges District will not disclose, communicate or divulge, or permit disclosure, communication or divulgence, to another or use for their own benefit or the benefit of another, any confidential information, unless permitted by FERPA or required by the laws of the State of Texas.
- Will not permit the student to participate in the School Program if he/she fails to: submit an accurate online application through AlamoENROLL by the announced deadline, submit all other documents pertaining to residency to the appropriate person by the announced deadline(s), verify enrollment into the correct dual credit courses, and/or maintain satisfactory academic progress.
- Will provide a disabled student accommodation of his/her disability to participate in the program and activities of the Alamo Colleges District upon request. Accommodations are considered for approval when students are testing and/or taking courses on the College site. Support services may include special testing arrangements, readers, scribes, and note-taking services. However, Alamo Colleges District is neither able nor required to provide the level of disability support services offered through the School. For a student to receive disability support services at the College, the School student must provide a copy of the student's current IEP plan to the College's Disability Support Services ("DSS") office.
- Will provide final eligibility status to the School liaison to complete the student's file.
- Instructor will inform the student of academic progress/grade status at the third week and at mid-semester.
- Will send all communication to the student's provided @student.alamo.edu email address accessible in ACES.

I understand that:

- This form is valid for the duration of the student's participation in the School Program.**
- Submitting this consent form and/or School course card does not guarantee eligibility or enrollment into the program or selected courses. Eligibility and enrollment into the School Programs and courses is dependent on a complete application packet submitted by the deadline and qualifying test scores for each course selected, as determined by the servicing College and School.
- Courses will be more academically challenging than traditional School courses, will include different requirements and a separate grade for each course.
- Courses held on the College campus (all instructional methods apply) may contain a mix of both School and traditional college students. Therefore, the subject matter of the course may be more complex and mature in nature and the expectation is that the student's behavior and performance will be equivalent to that of a college student.
- My child may be enrolled in dual credit courses approved by the School.
- Grades are awarded on a 4.0 scale at the College, and the School will convert them to the School letter grades according to its procedures.

High School Programs Student/Parent Consent Form

7. Grades earned in dual credit courses are based off the instructor's evaluation of the student's progress, the College grade may be different than School grade, will become part of the student's permanent academic record, and will be reflected on the College transcript.
8. A student has a maximum of one (1) year from the end of the semester or term in which the final grade was issued to request a review of the grade or petition for a change of grade.
9. Students who fail to verify enrollment in ACES, per each term's Census Date for the College, cannot contest enrollment thereafter. The submission of a School transcript will not be considered.
10. Students must attend their dual credit class regularly and turn in all required assignments. Students may be withdrawn for lack of attendance and/or lack of progress. This attendance policy pertains to all students enrolled in any section of a dual credit course on any campus. If for any reason my child is not attending the dual credit class at the School regularly, he/she will be withdrawn from the class (includes students sent to alternative school and homebound students).
11. Students underperforming are encouraged to withdraw the course before the Last Date to Withdraw deadline, after conferring with a counselor. If student remains in course after the Last Date to Withdraw, they will be awarded the grade earned.
12. Students are responsible for knowing and adhering to the Last Date to Withdraw deadlines for withdrawal on the Alamo Colleges District Academic Calendar, accessible at <http://alamo.edu/calendars/>.
13. Students are expected to meet academic standing as defined in the College catalog to continue in any of the School Programs offered through the Alamo Colleges District.
14. Student struggling to maintain a passing grade will be provided with options for the student's successful completion or be advised by the instructor, School counselor, assigned School staff, or the College academic representative on consequences of withdrawing the dual credit course in order to minimize future problems related to admissions, financial aid, and scholarships.
15. If a student plagiarizes a paper, or colludes or cheats in any dual credit class, the student will be subject to the disciplinary policies and procedures of the College. In some instances, severe cases may result in failure of the course and suspension from the School Program. Any disciplinary action will become part of the student's education record with the College district.
16. Courses are generally transferrable; however, it is not the College's responsibility to ensure that the dual credit course(s) for which the student enrolls are transferable to the College/university the student plans to attend.
17. If my child earns thirty or more college credits, he/she may be considered a sophomore at some universities and this could affect scholarships and other financial opportunities. It is my responsibility to check with the receiving institution to determine how college credit hours are handled.
18. Students who choose to take regular college courses outside the School Program requirements will be admitted as Early Admit and responsible to meet all admission requirements for the program as well as pay full tuition and fees based off residency status for all courses. Any college credit earned is strictly college credit and is part of any School Program agreement. Please work with the College's Admission Office for the admission process and deadlines.
19. Alamo Colleges District and the Colleges are not charging students tuition and fees, special program charges, textbook or instructional materials charges during their participation in any School Program. All associated cost will be waived and/or billed to the School District per the adopted cost sharing model indicated in each Early College High School Memorandum of Understanding (MOU).
20. For additional information on High School Programs, please visit <http://www.alamo.edu/hsprograms>.
