Responsible Department: Human Resources

Based on Board Policy: [D.5.3](#) - Holidays, Leaves and Absences

Approved: 4-28-09

Last Amended: 3/31/16

General Provisions

College District employees shall be eligible to receive paid and unpaid leave in accordance with College District policies and related procedures. Leave is not automatically granted. Requests for leave shall be appropriately documented, timely and properly approved. Approval shall be based both on the justification of the leave, the impact of such leave on the work unit and the College District, and other factors as appropriate.

Employees shall not lose any accumulated leave while on authorized unpaid leave of absence. Additional leave shall not accrue during unpaid leave of absence unless the leave of absence is designated FMLA leave. During FMLA leave and paid leaves of absence, leave time shall continue to accrue at the normal rate.

During a period of unpaid, non-FMLA leave of absence, an employee may elect to continue insurance coverage by arranging to pay the full premium. Insurance and retirement coverage paid by the College District will continue uninterrupted for an employee on paid leave or FMLA Leave.

Except for sick leave and bereavement leave, requests for leave must be submitted and approved in advance on the official form provided by the College District.

Leave may be used and will be charged in one-hour increments. Absences of one hour or less may be excused by the supervisor for adequate reasons.

Unauthorized absences are a serious violation of College District procedure. Failure to comply with the provisions of the College District's leave policies and procedures may result in the recording of unauthorized absences, loss of pay, and other actions up to and including termination of employment.

Employees are responsible for notifying their supervisors when absent from work and for submitting appropriate leave request forms. The completed "Request for Leave" form shall be maintained by the department for a period of three years.

Each pay period, the Payroll department shall provide department supervisors leave balance reports that include balances for each of their employees. Departments shall record and certify, by signature, leave usage of each of their employees and return the reports to the Payroll Department at the end of each pay period. This process will be modified to utilize Banner self-service capabilities during fiscal year 2011 where supervisors approve online.

Sick leave, Family and Medical Leave Act (FMLA) leave, personal leave, and bereavement leave shall be provided to all non-faculty employees who work twenty or more hours per week; to all tenure track and tenured faculty members and to adjunct faculty with full benefits. Eligible employees who work less than full-time shall accrue sick leave on prorata basis. Paid leave benefits for which part-time employees are eligible will be administered on a prorata basis. Irrespective of employment status, FMLA leave is available to all eligible employees.

Sick leave with regular compensation may be used for personal illnesses, injury, or other health-related conditions, or for illness or injury of persons related to the employee within the first degree of consanguinity or affinity or living in the household of the employee. For a detailed chart illustrating the degrees of sanguinity and affinity, see [D.2.4.1](#). If the employee chooses this option, the College District shall pay the difference between the weekly income benefit received under workers' compensation and the employee's regular weekly compensation.

There shall be no payment for sick leave accrued on or after September 1, 1987.

If an employee chooses not to use accumulated sick leave while receiving workers' compensation benefits, the employee shall not receive any compensation from the College District during that time.

In the event of the death of a friend or a more distant relative, employees may use up to 24 hours of sick leave.

Additional sick leave for travel or emergencies related to bereavement may be approved at the department level on a case-by-case basis.

An employee on short-term military leave shall be paid his/her regular salary and shall continue to accrue benefits at the normal rate.

Long-Term: The College District will grant employees a military leave of absence without pay for duty in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act ("USERRA"), and other applicable federal, state and local laws. Employees requesting military leave should provide the College District with a copy of their military duty orders as soon as practicable. Employees are required to give the College District advance notice of upcoming military service, unless military necessity prevents advance notice or it is otherwise impossible or unreasonable. The military leave will be unpaid. However, the employee may use any available sick pay for the absence.

During military leave, employees may have certain rights to continue participation in the Employee Healthcare Plan as provided by law.

Employees who are on military leave for up to 30 days must return to work on the first regularly scheduled work period after service ends (allowing for reasonable travel time). Employees who are on military leave beyond 30 days must apply for reinstatement in accordance with USERRA and all applicable state laws.

When an employee returns from military leave (depending on the length of military service in accordance with USERRA), the employee will be placed either in the position he or she would have attained if he or she had remained continuously employed or in a comparable position. For the purpose of determining benefits that are based on length of service, the employee will be treated as if he or she had been continuously employed.

Developmental Leave

Developmental leave may be granted to eligible College District employees for purposes of study, research, writing, skill upgrading, or other appropriate endeavors, including faculty exchanges. Developmental leave shall be available only to individuals employed by the College District on a full-time basis for a minimum of two consecutive academic years.

Developmental leave shall be without compensation. However, all insurance benefits paid by the College District shall continue uninterrupted during the leave period, provided the employee agrees in writing either to return to employment in the College District for one full year or to reimburse the College District the cost of such benefits paid during the leave period.

The duration of developmental leave shall depend upon the parameters of the developmental endeavor, but shall not exceed one calendar year. In the case of faculty members, beginning and ending dates shall generally coincide with the beginning and end of regular and/or summer semesters, in accordance with the need to provide for the least possible disruption of classes.

Requests for developmental leave shall be submitted through regular supervisory channels to the Chancellor.

Upon return from developmental leave as provided herein, employees shall be reinstated to their original positions or to comparable positions without loss of seniority, rank, tenure, or accrued benefits, except as specified otherwise in this procedure.

Employees shall be eligible for additional developmental leave after the lapse of a period of three years from the end of the previous developmental leave period.

Periodically, the Chancellor shall provide to the Board an informative report concerning developmental leaves granted to College District employees.

Unpaid Leave of Absence

Full-time College District employees may be granted unpaid leaves of absence for a variety of reasons provided such requests are thoroughly documented, timely, meet eligibility requirements, and are reviewed and approved in advance through regular channels including the Chancellor. Requests will then be forwarded to the Associate Vice Chancellor for Human Resources with appropriate recommendation for review and disposition.

Employees shall not lose any accumulated leave while on authorized unpaid leave of absence, nor shall any additional leave accrue during such leave of absence.

Leave of absence without pay is not automatically granted. The decision will be based both upon the justification of need for such leave and upon the strength of assurance that such leave will not cause undue disruption of work in the employee's area of responsibility.

Short Term

A short-term leave of absence shall be considered an absence of less than twenty consecutive work days.

A short-term leave of absence without pay may be granted to an employee when other types of leave have been exhausted and adequate justification is provided.

Arrangements concerning insurance and retirement benefits paid by the College District will vary according to the timing and duration of the leave. The employee and his/her supervisor must work closely with the Human Resources department to assure continued coverage.

In cases where there is apparent evidence of abuse in the use of leave of absence, the supervisor may, after conferring with the employee, recommend denial of further requests for unpaid leave.

The request for short-term leave of absence will include planned dates of departure and return to work. Any change to the original return-to-work date must be requested by the employee and reviewed by Human Resources. If the change is approved, the supervisor will establish a new planned return-to-work date; will prepare a Personnel Action 9 of 10

Extended

An extended leave of absence shall be considered an absence of twenty or more work days.

D.5.3.1 (Procedure) Holidays, Leaves and Absences

Responsible Department: Human Resources

Based on Board Policy: [D.5.3](#) - Holidays, Leaves and Absences

Last Amended: 3/31/16

Extended leave of absence shall be generally limited to a maximum period of one calendar year. An additional one-year extension of such leave may be granted upon written request, through appropriate levels of management, providing the additional 12-month absence is for educational purposes.

An extended leave should be requested by the employee well in advance and must be approved at each supervisory level, up to and including the Chancellor.

Request (PAR) and will forward it to the Human Resources department for action prior to the employee's return to work.

Employees returning from extended leave of absence will be given priority consideration for positions which are vacant at the time of their return. Return to service is at the discretion of the College District, and is contingent on the recommendation of the Chancellor, the availability of an appropriate vacancy, and other factors. Reinstated employees will not lose seniority, rank, tenure, or accrued benefits, except as specified otherwise in this procedure.

Upon approval of an extended leave of absence, the administration shall stipulate in writing a specific date by which the employee must notify the College District of his/her intention to return to normal work duties. An employee who fails to comply with the notification deadline will forfeit his/her right to priority consideration for reinstatement.

Periodically, the Chancellor will provide to the Board an informational report concerning extended leaves of absence granted to College District employees.

Religious Holy Days

Any College District employee may be absent from work for observance of a religious holiday and must provide proper notification, in advance, to the immediate supervisor. This shall be taken as paid leave by utilizing personal leave or accrued vacation or unpaid leave if paid leave is not available.

Administrative Leave

The College District may place an employee on administrative leave pending the results of an investigation or to protect the safety of the employee and/or others. Administrative leave may be paid or unpaid. The placement of an employee on administrative leave, length of leave, paid or unpaid status, and other conditions of administrative leave are at the discretion of the College District and must be approved by the Associate Vice Chancellor of Human Resources, President/Vice Chancellor and Chancellor or designee.
