Operating Emergency Phones

By pushing the red button you have dialed the Alamo Colleges Dispatch emergency line. An officer will be dispatched to that location. Even if you don’t speak to the dispatcher the phones are numbered as to determine location.

If someone is trying to harm you DO NOT stand near the phone and wait for an officer. Keep running and screaming for help. Screaming “FIRE” is a good way to get peoples attention. Push the button on the next phone as you pass it if possible.

WE WILL FIND YOU!!
Avoid walking with your headphones on or while preoccupied with your phone such as texting. Pay attention to what’s going on around you.

Travel in well-lit areas and don’t walk alone if possible. Avoid shortcuts thru the neighborhood.

Familiarize yourself with the Campus and Emergency Phone locations.

Before getting into your vehicle, visually inspect the interior for anything suspicious.
If you feel you are being followed, head quickly to a group of people, a faculty/staff office or the Campus Police Department. (1601 N. Main)

Have your keys in your hand so that you don’t have to search for them when you reach your vehicle.

When you know you will be returning to your vehicle late at night, try to park in a well-lit area.

Report suspicious activity/people to Campus Police immediately with a description of the person and their clothing.

If you have a “gut felling” that something is wrong there probably is. REPORT IT!!!
