Other Resources Needed for Outcomes-Based Assessment

Bresciani, M. J.
pp. 136-137
Institutional Research Data

- Institutional research data available online:
  - Enrollment trends
  - First-year academic preparedness
  - Demographic characteristics of students

**Plan of Action:** Survey faculty and staff to find out what data would be most helpful, and in what form it should be displayed (e.g., raw, tables, figures)
Institutional Survey Data/Survey Development Tools

- Institutional survey data available online:
  - SENSE results
  - CCSSE results
  - Noel-Levitz results

**Plan of Action:** Upload survey results to Sharepoint. Assist faculty in conducting surveys via Survey Monkey or other similar web service, and share results on Sharepoint.
Web Resources and Templates

- Programs can place many of the documents they used to compile in binders on the web instead. For example:
  - Faculty curriculum vitae
  - Staff resumes
  - Course syllabi
  - Program agendas
  - Utilization statistics
  - Service and customer satisfaction policies
  - Rules and regulations

**Plan of Action:** Determine which of these we have done and which should be done at NLC.
Online Resources

□ Comprehensive online assessment resource library:
  □ [http://www2.acs.ncsu.edu/UPA/archives/assmt/resource.htm](http://www2.acs.ncsu.edu/UPA/archives/assmt/resource.htm)

**Plan of Action:** Create an assessment section on Sharepoint and link to various parts of the website above.
Online Resources

http://www2.acs.ncsu.edu/UPA/archives/asmt/resource.htm includes links to documents pertaining to:

- Principles of good outcomes assessment practice
- Assessing administrative and support units
- Assessing online education
- Assessment committees
- Assessment grants
- Assessment for students
- Assessment rubrics
- LOTS, LOTS MORE!
