Student Financial Aid
Satisfactory Academic Progress

Important Facts for Students Receiving Financial Aid

When will SAP (Satisfactory Academic Progress) be calculated for 2015-16 school year?
SAP will be calculated by June 1 for 2015-16 for all students receiving financial aid.

Where can I check my SAP status?
Beginning June 1 all students should verify their updated SAP status in ACES.

What if I am placed on suspension for 2015-16?
Students who are placed on suspension do not qualify for financial aid including Federal Pell, Direct Loans, and Work-Study. All awards for Summer (including Maymester) and Fall will be canceled.

Can I still register if I am suspended?
Yes. Students who are suspended can register but must either pay out of pocket or sign up for a Payment Plan through the Virtual Business Office in ACES.

What are my options if I am suspended and would like to seek reinstatement?
Students who are suspended can submit an Appeal for Financial Aid reinstatement. The deadline to submit an Appeal is June 30 for Fall 2015.

Information on SAP and the Appeal process can be located on the Student Financial Aid website.

Information on payments and the Payment Plan can be located on the Business Office website.
