

## 2019-2022 Strategic Plan

### Speech

<b>Mission</b>
<p>There is a growing emphasis in the 21st Century, for individuals to improve various communication skills. The Speech Program in the Department of Fine Arts continues the mission to address this need. To accomplish the aims of our constituents, the Speech Program offers a diverse program of academic, aesthetic and pragmatic experiences. Academic Aims are met through our courses that focus on meeting the core objectives of critical thinking skills, communication skills, teamwork, social responsibility, personal responsibility, and leadership. These course offerings support terminal degree programs, transfer curriculums, job advancement, skills in alternative communication, and opportunities for life-long learning. Pragmatic Aims are met through experiences in performance based course, oral communication skills courses, and co-curricular activities. Aesthetic Aims are met through exposure to oral interpretation of literature, rhetoric, public address, and the creation of original works. Furthermore, the Speech Program provides service to the institution and community by sharing professional expertise, providing speech scholarships, and offering speech arts experience to both children and adults.</p>
