

Task Force Charges

Pathway: Collaboration & Communication:

Focus is to align academic pathways and support systems to guide students and connect them from school to college and onto employment. The planned activities include:

- **Build career pathway awareness early in the navigation process**
- **Align Transfer Advising Guides with high school endorsements**
- **Identify employer needs**

Technology & Common Website:

Focus is to establish a single cross-institutional portal and provide a seamless online experience for students, parents, and the community. Planned activities include:

- **Research funding/sponsor for server host and coordinator**
- **Create site and develop site content**

Common Metrics:

Focus is to develop a common definition of metrics across the Alamo area and create a community scorecard using those metrics which align with both local and state goals:

- **Develop a scorecard with baseline data and targets**
- **Create a dashboard to avail data for the community**
