

COVID-19 Screening & Hours of Operation

The Alamo Colleges District is partnering with Community Labs to implement on-site weekly COVID-19 screening (PCR tests) of all students and employees at each of the colleges, DSO and St. Philip's College - Southwest Campus. This screening effort provides early identification and quarantine of infections.

All employees and vendors' employees who are scheduled to work regularly on site are expected to get screened for COVID-19 on a weekly basis, regardless of vaccination status. Students are encouraged to be screened, but they will not be required.

Screening will be conducted on a walk-in basis during operating hours outlined below. No appointments are necessary, but pre-registration is recommended at alamo.edu/covid-screening.
