Where courses are offered by a College from the Alamo Colleges District other than the Primary College, a separate MOU will be executed with each Secondary College. Primary and Secondary Colleges will be published on the Alamo Colleges District – High School Programs web site at: <https://www.alamo.edu/hsprograms>.

The School District will not exclude or discourage the enrollment of any of the subpopulations of at-risk students, as defined by The Public Education Information Management System (PEIMS), including, but not limited to, students who are of limited English proficiency or who have failed a state administered assessment. - g. To adhere to the requirements set forth in the goals outlined in Texas Education Code, Sections 28.009 (b-1) and (b-2), the College and the School District will maintain course agreements for each course taught at the School, regardless of instructional site. The College will provide the college course outcomes in the Course Agreement Form and the respective syllabi. The form will include the length of the course, and approved textbook(s) and/or instructional materials/AlamoBooks+ that will be required for Students to use in their respective courses. The course agreement requirement for the School extends to designation of academic and workforce courses for Traditional Dual Credit. College, School District and School shall ensure that a dual credit course and the corresponding college course offered at the School are equivalent. - j. Course Agreements will include any additional instructional requirements, any required faculty development/training, and the requirements for evaluation of teaching. A Course Agreement will be completed by the deadline designated in the yearly Dual Credit Timeline for any course, but not later than the start of the first instructional day that course is delivered. All courses offered for Dual Credit must have an approved Course Agreement. The Course Agreement will be effective for three years unless either party requests a modification or if the publisher or chair makes changes to the current Instructional Materials. For course sections taught at the School, the College will maintain the same instructional materials and editions for Dual Credit courses taught at the high school campus for a minimum of three years, unless otherwise specified in the applicable Course Agreement or as otherwise specified in Section 11- Course Materials. The adoption of any course materials, print or electronic, after a Course Agreement is signed will require an agreed and signed addendum or verification that both parties agree to the change in instructional materials.
- k. Course Agreements will identify those College programs requiring more frequent textbook cycles than the otherwise applicable three-year cycle. Refer to Section 11 – Course Materials where details related to the application of instructional materials and how these may be incurred by the School District as defined herein.

- l. The College will provide the School District information about the Alamo Academies work-based learning programs spanning the junior and senior years, so that students are aware of its opportunities. A student enrolling in the Alamo Academies will follow the prescribed courses as listed in the selected degree plan. The course hour limitations for all Dual Credit programs, including the Alamo Academies, is limited to 14 courses. A Student considering enrollment in the Alamo Academies during the junior year should limit Dual Credit courses taken during their freshman and sophomore years to avoid accumulation of credit hours which could prevent a student from completing the Alamo Academies program plan. The College will ensure that Students are not enrolled into Dual Credit courses outside those listed in the selected degree plan to avoid adverse consequences in the Student's subsequent educational pathway.
- m. The College is responsible for ensuring that course goals and standards are understood and that the same standards of expectation and assessment are applied where College courses are offered, to include departmental exams and student learning outcomes. Students will participate in college-level work and will be subject to material deemed college level. The School District and School are aware that the content in college level courses may contain topics intended for mature audiences or adult age groups. The Department Chairs and respective Academic Deans or Vice Presidents of Academic Success will monitor the quality of instruction in order to ensure compliance with the Student Learning Outcomes (SLOs) and the standards established by Applicable Law, SACSCOC, and the College.
- n. The College will utilize various programs that are either system- or computer- based in both face-to-face and online learning environments. These educational resources are intended to support learning and meet the Student Learning Outcomes and comply with requirements from SACSCOC and state standards.
- o. The School District will ensure that technology devices or resources are available to the Students so they may successfully access the required course content and educational resources. Internet accessibility, and the use of technical means to manage, restrict or prohibit the access of specific web sites, software, or other educational resources, should be enabled, vetted and coordinated by technical staff from both the School District and College to ensure that the Students taking dual credit courses may have the same successful academic experience as those on the College facilities. In the event that the School District or School are unable to provide technology devices or resources to meet the required technical requirements for the Dual Credit courses to be delivered through the School, the School District, School Principal or designee will coordinate with designees from the College to identify possible solutions.
- p. To enroll in any college-level course, Students must meet all of the College course prerequisites. The College and School District will assess each student for overall readiness to engage in any college-level course, and any out-of-pocket costs of same shall be borne by the School District. Based on such assessment, the College Coordinator of High School Programs or identified College staff member and the School Principal or designee will determine the

forms of assistance and remediation that may be needed by a student in order to meet enrollment requirements for any college-level course.

- q. The College maintains a defined process for Students to withdraw from Dual Credit courses. Approval by the College or faculty of record is required to process Student withdrawal requests following the census date for the respective part of term. Once processed, the withdrawal will appear on the Student's College transcript.
- r. Census rolls document the Students enrolled in all classes. Failure to list a Student on the census roll by the College's deadline will result in the Student's ineligibility to receive a grade in the respective course. The College requires students to be officially enrolled by the part of term's census date, to meet the number of contact hours required for the respective course and to complete all required assignments to be eligible to receive credit in the form of a grade.
- s. The College maintains deadlines for drop requests from all courses. Students enrolled in a course following the drop deadline will receive the grade earned on their transcript. The faculty or School Counselor should advise a Student performing poorly in any Dual Credit course of the value of dropping that course before its drop deadline to avoid recording a poor grade. The School Counselor will contact the College's Office of High School Programs to initiate a timely Student drop request should the Student agree to withdrawal. Withdrawal from the College course does not result in a withdrawal from the high school course.
- t. Students will be subject to the same academic policies and procedures as students enrolled in the College. This includes, but is not limited to the Academic, Probationary, Dismissal, Withdrawal and Grievance policies and procedures of the Alamo Colleges District. Refer to the College's catalog under the Academic Standards section for specific information: <https://mynvccatalog.alamo.edu/content.php?catoid=173&navoid=10926>.

 - 1. the end of the second regular semester or term immediately following the semester or term in which the student earned a cumulative total of 15 or more semester credit hours of course credit for dual credit courses successfully completed by the student; or

2. if the student begins the student's first semester or term at the college with 15 or more semester credit hours of course credit for dual credit courses successfully completed, the end of the student's second regular semester or term at the college.
- b. Texas Education Code §130.0104(c) requires that a student enrolled in a multidisciplinary studies associate degree program must meet with an academic advisor to complete a degree plan and account for all remaining credit hours required for the completion of the degree program. The College staff and the Student must also account for the Student's transition to a particular four-year college or university that the Student chooses and preparations for the Student's intended field of study or major at the four-year college or university.
 - c. Through the School counselor(s), each Student will receive advising on the five high school endorsements. The College will provide information on the AlamoINSTITUTES appropriate to the Student's selected career pathway. Each Student will select a high school endorsement and higher education degree plan. Information on the AlamoINSTITUTES can be found at: <https://www.alamo.edu/enroll/plan/>.

Transfer Advising Guides depict a degree plan from a University in the Alamo Colleges District Transfer Compact. The Transfer Advising Guides can be found at: <http://myalamocatalog.alamo.edu/content.php?catoid=157&navoid=9481>. The documents delineate the courses that are offered at the Colleges of the Alamo Colleges District. They provide valuable information about special requirements or considerations for transfer. Transfer Advising Guides are intended for advising purposes only and not an exhaustive list to be applied to all academic transfer situations or all degree plans within the Universities in the Alamo Colleges District Transfer Compact. While the Alamo Colleges District maintains articulation agreements with universities in the Alamo Colleges District Transfer Compact, it is highly recommended that the College, School District, School and Students communicate with the intended transfer institution to minimizing loss of applicable college course credits in the selected degree plan.

11. COURSE MATERIALS

The School District will provide all required varieties of materials used for course instruction (“Course Materials”), including, without limitation: textbooks, syllabi, course packets, and other materials needed for enrollment to classes for high school graduation credit and college-level courses to students.

When Instructional Material requirements change for courses taught at the College, the College will notify the School District by the second full week of April for fall terms and by the last Friday of October for spring terms, unless the change in course occurs after said dates due to unforeseen circumstances. Enrolling students in classes is acknowledgement of required Course Materials for a course. This affords the School District ample time to secure the required Course Materials and conform to their respective School District board policies. The School District will ensure that all Dual Credit Students, whether enrolled in courses at the School District or the College, will have the required Course Materials by the first instructional day.

- a. For course sections taught at the School District:

An instructor that has not been credentialed and approved by the College may not serve as a substitute to teach the remainder or any portion of a college course. If the instructor identified by the College to teach the remaining portion or any portion of the course is employed by the College, the School District will be responsible to pay the College for the compensation for the period of service of the identified instructor. Where a teacher cannot be identified by the College and School District, the School District will cancel the section and the Parties will identify a substitutable course to ensure that the cohort of students can remain on track to graduate with the selected degree plan. If neither party can find

a credentialed instructor to instruct the course, students will not receive credit and the transcript record will be removed.

- e. Instructors teaching dual credit courses at the School will be either high school teachers credentialed by the respective College Faculty Chairs adhering to SACSCOC guidelines or faculty from the respective discipline at the College. The cost-sharing model approved by the Alamo Colleges District Board of Trustees is based on which party pays the instructor. Please refer to Section 29 - Fiscal Matters herein. The School District is highly encouraged to hire teachers approved by the College as adjunct instructors to teach dual credit courses. The School District is encouraged to provide incentives to have instructors earn the college hours required for qualification and should coordinate approval of eligibility with the College.
- f. Student evaluation of instruction takes place each semester and will be a part of the faculty annual evaluation process, regardless of where the dual credit courses are offered. Performance evaluation of all dual credit faculty will adhere to College and Academic Division protocols and schedules as it pertains to all other College adjunct faculty, per SACSCOC requirements, as well as those required by the Texas Education Agency.
- g. Faculty teaching dual credit courses will teach using the respective course syllabus that contains the Student Learning Objectives (Herein referred to as “SLOs”). Faculty based at the School site must upload course syllabi onto Concourse, the College’s official reporting system.
- h. Dual Credit classes may include both ECHS/PTECH and traditional dual credit students. Dual Credit students constitute those in traditional Dual Credit or ECHS.
- i. At the end of each semester, all faculty, regardless of where the instruction is delivered, must submit the End of Semester Clearance report to the designated College department chair by the final grade deadline.
- j. To adhere to the requirements of Texas Education Code Section 51.974, all faculty will publish, by the first day of class, a curriculum vitae that will include post-secondary education and teaching experience on the official system of record where the course syllabus taught by faculty are maintained.

13. PROFESSIONAL DEVELOPMENT FOR NON-INSTRUCTIONAL HIGH SCHOOL STAFF

The School District will provide School staff responsible for providing guidance to students on courses yielding dual credit, enrolling students into dual credit courses or any other facet of responsibility related to dual credit programming with release time to attend professional development sessions offered by the College. The College will confer with School District and School Administration to schedule the professional development sessions to the extent that session logistics allow. The professional development sessions will include topics on issues impacting students taking dual credit college level courses while in high school, such as selecting courses leading to the student’s goal, implications of taking college courses, and transferability of courses

to upper level institutions for specific academic programs and degree applicability. The workshop will include terminology, career guidance, and resources similar to that used by the College Advisors. The intent of the sessions is for the School staff to provide structured guidance to students and their parents regarding decisions students will make that impact their college experience and accumulation of semester hours. Sessions may be delivered in either face to face or online formats. Periodic update sessions may be required. Staff from the Colleges and the Alamo Colleges District will deliver the sessions and will work with the School District to identify the times for the sessions.

14. PROFESSIONAL DEVELOPMENT FOR ADJUNCT INSTRUCTORS FROM THE SCHOOL SITE

The College and School District will provide professional development opportunities to their respective faculty in accordance with their respective institutional policies. The College will provide professional development in critical thinking, leadership, student engagement, discipline-specific topics and other areas deemed necessary.

The School District will provide its faculty hired as College Adjunct Instructors the necessary time to participate in professional development identified by the College. College Adjunct Instructors and Faculty teaching on the College site shall engage in equivalent professional development. . In instances where Adjunct Instructors are contracted outside the hiring deadlines, the department Chair will assign a College Faculty in the respective discipline to assist during the first college semester transition.

15. SCHOOL CALENDAR

The Dual Credit course schedule will be determined by the location of the course delivery, provided that the required contact hours and prerequisites are met.

The instructional calendar for the high school portion of the School will be based on the School District calendar and comply with all related TEA regulations for school attendance. The School District will adjust its schedule as necessary to enable Students to enroll in and attend the college-level courses provided by College. The School District and College will coordinate the State Student assessment requirements to ensure said assessments are administered without penalty. The School District, School and College will ensure that the School calendar accounts for the required per-semester contact hours for courses. When the instructional delivery is on the College site, it may be necessary for Students to attend classes on days when the School District is closed (*e.g.*, different holiday closures). When Students take classes at the College scheduled on days when School is closed, the School District will ensure that at least one staff member with administrative authority be on call and available to be reached by the College's Office of High School Programs or other College staff in case of emergency. The designated School staff member will have access to Student emergency contact information. When students take courses online, students are still responsible for submitting assignments as per deadlines designated by professors.

While the College agrees to make scheduling accommodations for required State assessments, including the STAAR and End of Course Exams, all contact hour requirements must be met. For assessments not mandated by the State, the College and School District will come to a mutual

agreement on administration dates in order to appropriately manage disruptions of college courses and ensure contact hour requirements are met.

16. ACADEMIC POLICIES

- a. The academic policies of the School District and College shall apply to all students enrolled in the Dual Credit programs as applicable.
- b. Students are expected to meet academic standards (including academic progress) for College coursework. Semester grades and grading policies shall be outlined in each instructor's course syllabus. College grades are awarded on a 4.0 scale at the College. The School will convert the college course grades according to its grading procedures. The College's Office of High School Programs will provide the School with academic progress or grade status at mid-semester for their respective Students enrolled in Dual Credit courses. Students struggling to maintain a passing grade will be provided with options by their corresponding faculty and be advised by their College advisor or the high school counselor to withdraw from the College course in order to avoid future problems related to admissions, financial aid, and scholarships. Withdrawal from the College course does not result in a withdrawal from the high school course. The School personnel are responsible for advising Students concerning academic progress in high school courses and the College is responsible for such advising for college courses. The School staff and the College designee are responsible for advising and monitoring these actions.
- c. Students who begin any semester term in Good Academic Standing, but fail to maintain a cumulative institution GPA of 2.0 or higher are placed on Academic Probation. Notification of probationary status is communicated electronically through students' ACES email addresses. Academic Probation status is cleared when students earn both term and cumulative 2.0 institution GPA and returns to Good Academic Standing. Students who fail to earn a minimum term institution GPA of a 2.0 while on Academic Probation (cumulative institution GPA remains below 2.0) will be placed on Academic Dismissal. The College Catalog provides details on the Academic Standing Policy. Academic policies are accessible on the College's eCatalog website at <https://mynvccatalog.alamo.edu/content.php?catoid=173&navoid=10926>.
- d. Students taking courses for dual credit must be enrolled in courses coded as "Dual Credit" in the School's student information system.
- e. The College, in fulfillment of SACSCOC requirements, will develop the off-site notification and substantive change notification letter and submit it to SACSCOC. It will begin the process of creating the corresponding prospectus to outline degree requirements that the School will pursue. The College will provide the School a schedule of when supporting documentation is required from the School. The School District and School will assist the College by providing relevant information supporting the SACSCOC processes, including, but not limited to, information on the campus facilities, computer lab descriptions, square footage of facility, a list faculty teaching dual credit courses, and relevant courses taught to fulfill the requirements toward the selected degree plans for the School.

- f. Students are required to maintain regular and punctual attendance in class and laboratories to meet the required number of contact hours per semester. Absences, dismissal of classes, and early release (except in emergency or inclement weather, when permitted by Applicable Law, or when related to state-mandated assessment days) shall be avoided. For additional information on the College attendance policies, please refer to the College's Course Catalog at <https://mynvccatalog.alamo.edu/content.php?catoid=197&navoid=13012#Attendance>

17. STUDENT SAFETY

The Parties agree that when a Student attending a College facility expresses to any College employee a suicidal intention or a threat of physical harm to others, a protocol to be agreed prior to the effective date of this MOU will be executed. The protocol will prioritize ensuring that the Student does not pose a threat to self or others. The College will prioritize transitioning management of the issue to School District, the parent / guardian of the student or the most appropriate authority or entity to address the crisis at hand. Often the College Police Department will assess the situation and coordinate that transition with its School District counterpart. School District designates College as its agent under any applicable statutory authority or parent / guardian consent to treatment for the limited purpose of this crisis-response intervention.

When on the College campus, Students will follow the policies and procedures of the College to ensure the safety and well-being of the fellow classmates, faculty, staff and visitors. The Colleges will develop standard protocols for various emergency situations.

To ensure safety precautions, the College enrolls all students, faculty and staff, including Students in Dual Credit programs, into emergency alert messages. These messages are sent to all groups mentioned via the College email, robocalls and text messages to the telephones listed in the system of record.

Alamo Colleges District is subject to legislation requiring it to allow licensees to carry concealed handguns on its campuses effective August 1, 2017, and Students will potentially encounter license holders availing themselves of this privilege. Any notice of these facts to parents of Students will be the responsibility of the School District.

Students traveling for College events will be required to sign an Alamo Colleges District General Participation Release as a condition of participation as is required of all students from each of the Colleges of the Alamo Colleges District.

18. STUDENT CONDUCT

Students are required to adhere to School District and College policies, procedures, and regulations regarding facilities and equipment usage and both School District and College codes of student conduct as well as the Alamo Colleges District Student Responsibility for Success Policy. All disciplinary action, including suspension and dismissal from the College, shall be in conformity with the Codes of student conduct of the Parties. All Students will be provided access to the Alamo Colleges District eCatalog, Student Code of Conduct, Student Handbook, and Title IX / Clery Act materials in the same manner as all other students enrolled in the College. For additional information on the College student conduct policies, please refer to the College's Catalog at <https://mynvccatalog.alamo.edu/content.php?catoid=175&navoid=10909> . In the event of a

conflict between the policies of School District and College, the Parties will collaborate to resolve any conflict.

The School District and the College will inform one another of complaints against a Student. The party which receives a complaint of non-academic misconduct may investigate the complaint and reach a decision on responsibility for violations of the applicable student code of conduct, but must notify the other party of sanctions before they are issued. Students who are in violation of policies and codes of conduct will, where appropriate, return to the School District's high school, if any, and will not be allowed to return to any College facility. The Parties will cooperate fully with each other in any investigation involving student misconduct or conduct that threatens or potentially threatens the safety of others and the college campus. The Parties will cooperate fully with each other as necessary in all matters pertaining to complaints, grievances and appeals regarding student conduct issues. The definition of "cooperation" includes providing access to students or other persons who may be witnesses or persons with knowledge of relevant facts. Students may be sanctioned the same as other post-secondary College students and may be subject to exclusion from the College campus and College properties.

The Alamo Colleges District board policy F.4.5 states that Students who violate federal or state statutes, the Student Code of Conduct, Alamo Colleges District policy, or other applicable requirements related to alcohol and drug use shall be subject to appropriate disciplinary action. Such disciplinary action may include referral to drug and alcohol counseling or rehabilitation programs or student assistance programs, suspension, expulsion, and referral to appropriate law enforcement officials for prosecution.

19. STUDENT SUPPORT SERVICES

The Parties will identify and collaborate on measures to assist those students who may not be performing satisfactorily to succeed. The School will seek guidance from the College designee(s) in the areas of test preparation, tutoring, College Connection services, academic advising, and the development of an integrated support system for Students across the two institutions. Students will have access to the same or similar tutoring and other academic support as provided for other students in the School District, School and College. To promote academic success, the Parties will provide academic support services as may be needed. The School counselor and its designee will work to ensure Students receive pertinent information regarding higher education, financial assistance, and assistance waivers for tuition and fees. As needed, each Party will assist families as they complete initial application and admission requirements per the respective organizations' processes. The School District will be responsible for non-academic counseling services and the College is authorized, but not required, to provide emergency counseling intervention services. See section 4 – Disability Support Services.

20. EXTRACURRICULAR ACTIVITIES AND STUDENT ENGAGEMENT ACTIVITIES

Students may participate in age-appropriate activities on the College campus so long as participation does not interfere with the academic requirements of the School. From time to time, Students may be assigned to off-site academic course assignments which require the Student to travel to satisfy course objectives that could include, without limitation, museum visits or job-site internships. Students engaging in any College-related, off-site travel must be transported by a parent, guardian, parent/guardian written designee, or School District-sponsored travel

Notwithstanding the foregoing, the School shall coordinate signature of and collect the High School Programs Student/Parent Consent Form during the student on-boarding process.

The School District will transmit the Student data to a secure location mutually agreed upon by both Parties. The College will retrieve and delete the student data from the secure location so as not to expose any sensitive student information. The Student data retrieved from the School District will be entered into Banner, the College's system of record, and used exclusively for official business pertaining to all applicable areas of High School Programs.

In accordance with Applicable Law, School District will maintain student records pertaining to Dual Credit programs and provide College copies of the letter grades, and other informational data on student assessment, promotion, retention, academic transcripts, award of diplomas, and other student data necessary and advisable for College to perform its obligations under this MOU. 23. TRANSCRIPTION OF COLLEGE CREDIT

College credit for each Student appears on the College transcript as students complete each college course. Transcription of college credit is the responsibility of the College and transcription of high school credit is the responsibility of the School District. The School District determines how the college grades will be recorded in the high school transcript for GPA and ranking purposes. The School District, through the School staff, will ensure that parents are aware and knowledgeable of this and other procedures regarding transcription of grades.
