

LOUIS STOKES ALLIANCES FOR MINORITY PARTICIPATION CIMA-LSAMP

STEM WORKSHOPS AND RESEARCH OPPORTUNITIES

Join us for our fall 2022 STEM Workshop Series. Current and aspiring STEM Majors are welcome to attend and find out more about our 10-week, paid, summer research opportunity.

CIMA-LSAMP Program Info Session
Wed., September 28, 4-5PM
Learn about the CIMA-LSAMP 2023 undergraduate STEM summer research opportunity.

STEM Study Skills
Wed., October 12, 4-5PM
Enhance your STEM note taking skills and discover the science behind better learning.

Transferring to a 4-Year University
Wed., November 9, 4-5PM
Get on track and review the necessary steps for a smooth transition to a 4-year STEM degree.

The Ciencia, Ingeniería, y Matemáticas Aliados (CIMA) - Louis Stokes Alliance for Minority Participation (LSAMP) Program provides resources to assist in increasing the number of students transferring into and successfully completing high quality degree programs in Science (non-medical), Technology, Engineering and Mathematics (STEM) disciplines, in order to diversify the STEM workforce. This 10 week summer program offers students an opportunity to experience undergraduate research at local partnering universities and earn up to a \$3,000 stipend. For more information, visit alamo.edu/cima.

All workshops will be held at the following:
Zoom Address: alamo.zoom.us/j/99978772510
Zoom Meeting ID: **999 7877 2510**
