## International Programs

In Germany, students will explore the Rhineland region of Germany and learn about its history and art firsthand. The Rhineland is a rich tableau of architecture, craft, design, literature, and the fine arts, all of which are part of an immersive cultural experience. Visiting some of the most important museums and cathedrals in Europe, students will gain experiences of Medieval, Northern Renaissance/Baroque, and Modern Art. Galleries will offer a vibrant glimpse into the contemporary art world. On the other end of the spectrum, archaeological sites and ruins also will introduce students to what life was like under the Roman Empire. In the Moselle Valley, students will experience the confluence of French and German traditions, along with scenic beauty. The Rhineland is a rich tableau of architecture, craft, design, and the fine arts, all of which are part of studying art appreciation.
