

# IPRE Tiger Facts

Our Mission is to:

Provide members of the college, community, city, state and national governing entities with the most concise, accurate, meaningful data and information for statistical reference, accountability, evaluation, planning, and policy formation.

---

St. Philip's College  
Institutional Research, Planning & Effectiveness

The Institutional Research, Planning & Effectiveness Team consists of four staff members who are responsible for generative data analytics, assessment and assessment systems support, SACSCOC compliance, and institutional data. Our team provides year-over-year data comparison and impact forecasts, course and program assessments, and machine learning and data request support.

IPRE Member	Title	Functional Area
Marsha P Hall	Dean of Performance Excellence SACSCOC Liason	<ul style="list-style-type: none"><li>• SACSCOC queries and compliance</li><li>• Concerns regarding institutional data</li><li>• High level communication for IPRE and DSO</li></ul>
Anna Saulsbury-Molina	Coordinator of Measurement and Evaluation	<ul style="list-style-type: none"><li>• Course and/or program assessment</li><li>• SPOL Support</li><li>• RCampus Support</li></ul>
Carla Zamora	IT Data Analyst	<ul style="list-style-type: none"><li>• Data requests</li><li>• Queries regarding data and data literacy</li></ul>
Rayan Yassminh	Senior Statistical Research Specialist	<ul style="list-style-type: none"><li>• Machine Learning</li><li>• Data requests</li><li>• Ad-hoc data assignments</li></ul>

## Assessment and Evaluation

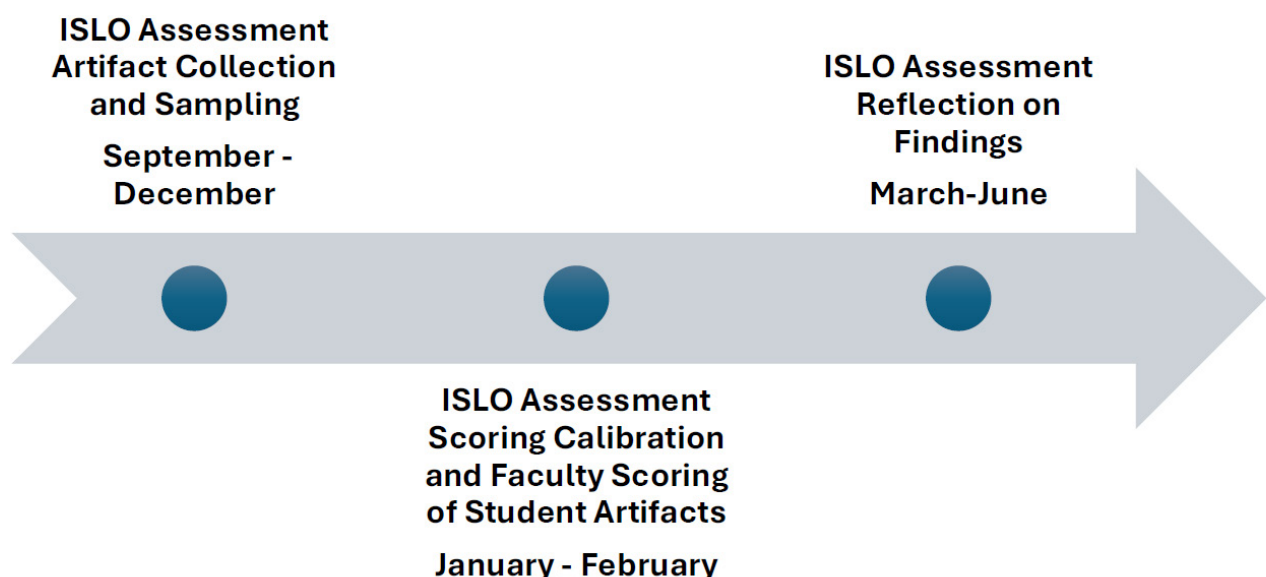

- **Strategic Planning Online (SPOL)**

- Planning Units Suggestion: enter status updates and/or preliminary results for **2025-2026 objectives**.
- Assessment Units Suggestion: enter the student learning outcome **results from Fall**

- **Institutional Student Learning Outcomes (ISLO) Assessment**

- Required for all core education courses based on the list from the Texas Higher Education Coordinating Board (**THECB**)
- Cycle I: Critical Thinking and Communication
  - i. Ensure students complete the ISLO assignment and submit through Canvas
  - ii. December 1-13, 2025
    - Faculty verify **Canvas ISLO assignment** is linked to RCampus
    - IPRE runs random stratified sampling of Fall core courses; *Faculty and department chairs are **not** notified which courses are selected for sampling.*
    - IPRE imports student artifacts into RCampus from the sampled courses.

### Institutional Student Learning Outcomes (ISLO) Assessment

## Data Updates

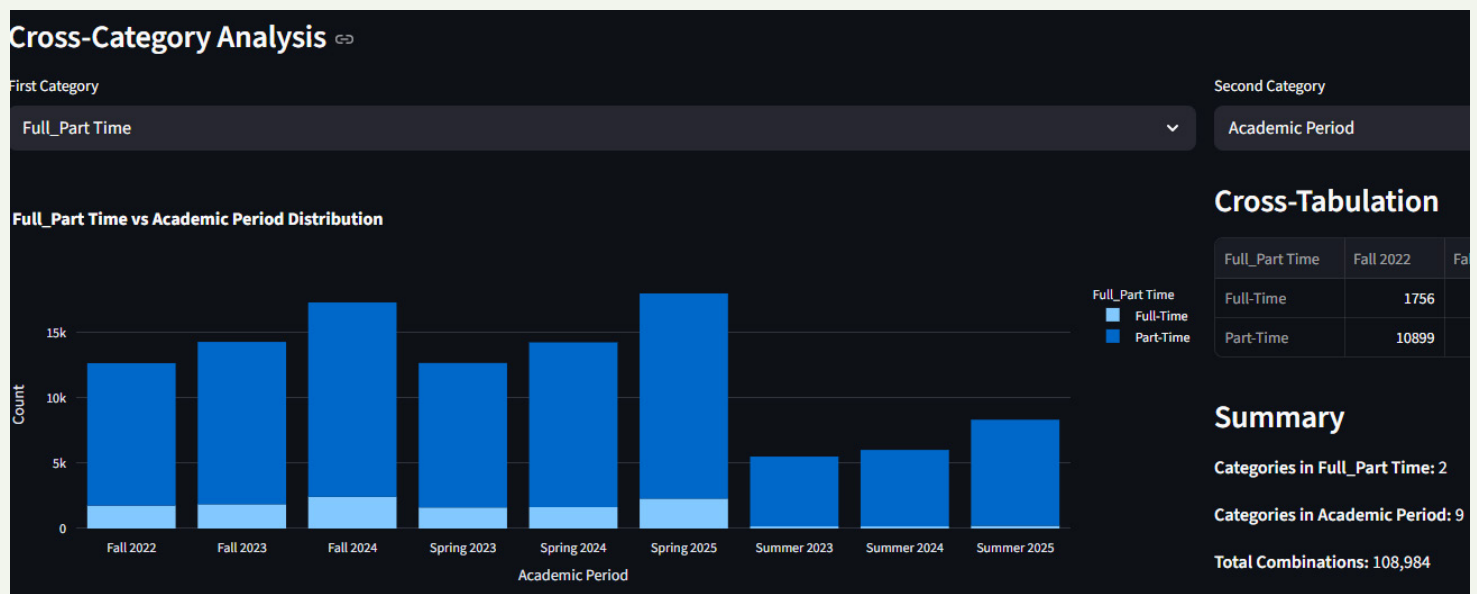

- **Helpful SPC Data Resources** (Found on the [IPRE website](#) under "Data Links")
  - Quick Facts (published yearly, contains the most commonly needed data and metrics for St. Philip's College.
  - Alamo Colleges Benchmarks
  - THECB Data
- **Data Requests**
  - [Request Form](#) (formally compels IPRE to begin preparing, aggregating/segregating, and validating requested data sets)
    - Be as detailed in your request as possible; consider the following
      - i. Ensure you know **what** data you're requesting
      - ii. **Why** do you need this data

### Important:

Allow a **minimum** of 30 business days for processing.

## Coming Soon!

In 2026, IPRE will launch a "Data Dashboard" which will feature customizable data points allowing users to query and download their own reports with data relevant to their needs and area. We are currently in the design and implementation phase of this amazing project. Be on the lookout for additional information and training guides in Spring 2026.

## **Institutional Data**

Institutional Planning, Research and Effectiveness can provide direct services and consultancy assistance to the St. Philip's College community, including:

- Survey research and design
- Survey research training
- Custom / ad-hoc studies
- Standard and customized reports
- Research consultation
- Planning methods and evaluation
- Federal, State, and Local agency reporting

These services are offered to ensure that our staff and faculty have the resources and support needed to effectively gather, analyze, and evaluate data while continually improving processes and procedures; concurrently maintaining a high level of data use and gathering ethics and quality.

IPRE publishes annually a college [Quick Facts](#) which is intended to support the college community with concise ready-to-use statistical information from past academic years.

In addition, we encourage all faculty and staff to visit and familiarize yourself with our [SACSCOC Transparency](#) page which is our repository of critical accreditation communications and documents to include:

- 2025 Decennial Compliance Report
- 2025 QEP Report
- 2025 Focus Report

These reports can be found under "Reports Sent to SACSCOC" on our Transparency page.
