

### Outcome Measure #1: The Number of Program Completers (Required)

In the chart below, please indicate the number and percentage of program completers for the three most recent academic years. Note: the percentages of the last two columns must add up to 100% for each row (Copy and paste additional charts for each program if submitting multiple programs).

Program Name: Early Childhood and Family Studies Program

Academic Year	Number of Program Completers	% of program completers who were attending full-time (at the time of completion)	% of program completers who were attending part-time <sup>1</sup> (at the time of completion)
2022-2023	5	0 (0%)	5 (100%)
2023-2024	7	2 (28%)	5 (71%)
2024-2025	9	4 (44%)	5 (56%)

<sup>1</sup> Part-time status is defined by the institution.

### Outcome Measure #2: The Program Completion Rate (Required)

What is the published timeframe for full-time candidates to complete the early childhood program(s) included in this Interim Report? (Please indicate in terms of the number of academic years; e.g., five semesters would be 2.5 academic years.):

The timeframe for full-time candidates to complete the Early Childhood and Family Studies Program is 2.5 years.

In the following chart, please indicate the percentage of full-time candidates completing the program within the program's published timeframe.<sup>2</sup> The program must complete the information for the 150% indicator and choose to report on either the 100%, 200%, or 300% indicator. The academic years selected must fall within eight years of the date this report is submitted. (Copy and paste additional charts for each program if submitting multiple programs).

*Example: A program with a published timeline of two years (four semesters at 15 credits a semester) to complete an A.A.S. in Early Childhood could select a Fall 2016 cohort on which to report. The 150% indicator indicates all members of the Fall 2016 cohort (full-time at the time of enrollment) who completed the program by Spring 2019. The 100% indicator only contains members of the Fall 2016 cohort who completed the program by Spring 2018. The 200% indicator contains all members of the Fall 2016 cohort who completed the program by Spring 2020, including those already counted in the 150% indicator. Lastly, the 300% indicator contains all members of the Fall 2016 cohort who completed the program by Spring 2022, including those already counted in the 150% indicator.*

A program may (but is not required to) insert below a short narrative description (150 words maximum) of the data reflected in Outcome Measure #2 to provide context.

**Outcome Measure #3: Institutional Selected Data (Required, choose one measure)**

All programs are required to select at least one of the following outcome measures on which to report. (Institutions submitting multiple programs in a single Interim Report may select the same or a different measure for each program; a separate chart must be submitted for each program.)

**(A) The fall-to-fall retention rate in the program for each of the three most recently completed academic years**
