Responsible Department: Human Resources

Based on Board Policy: [D.9.1](#) - Progressive Discipline

Approved: 8-26-11

Last Amended: 2-10-15

---

This procedure applies to all full-time tenured faculty Procedure [D.9.1.1](#) applies to all non-tenured faculty.

#### Guiding Principles

The Chancellor is authorized to develop and implement procedures for employee progressive discipline (see [D.9.1](#)).

The intent of progressive discipline is to communicate the need to modify unacceptable behavior which is inappropriate, unproductive, disruptive or otherwise problematic to the goals of the Alamo Colleges. The development and communication of this procedure serves the following purposes:

1. For the ORGANIZATION: To provide employees with the opportunity to improve performance and conduct, with knowledge that subsequent violations may necessitate more severe penalties and/or consequences.
2. For MANAGERS/SUPERVISORS (INCLUDING CHAIRS AND DEANS): To create a framework to administer appropriate, fair and consistent corrective actions to tenured faculty.
3. For TENURED FACULTY: To set the standard of conduct expected by the College District and the consequences of problematic behaviors.
4. For HUMAN RESOURCE: To promote communication with Human Resources regarding actions to be taken, so that fair decisions and actions can be delivered.

Progressive discipline is normally applied in several stages of severity, culminating in termination, if necessary. Termination of employment, or elevation of the level of discipline, may be appropriate upon first offense, based upon the seriousness and impact of the behavior(s) or action(s) or for violation of multiple lesser offenses.

Further, the dismissal of a tenured faculty member ([D.10.2.5](#)) can occur without progressive discipline as a result of professional incompetence, moral turpitude (see [D.4.9](#)) gross neglect of professional responsibilities, or sexual harassment subject to termination as defined in [H.1.2](#).

**Managers/Supervisors (including chairs and deans) should follow this Procedure as closely as possible; however, in light of the fact that we work in a fast-paced environment, failure to perform technical steps that are not substantive shall not affect the stage or form of discipline and shall not, absent substantial harm to and shown by the employee, form grounds for a grievance.**

#### Application

Progressive discipline pursuant to this procedure shall apply to all full-time tenured faculty.

Except where otherwise provided in policy, employees subject to disciplinary action may appeal an adverse employment action pursuant to Policy [D.3.3](#) and related procedures.

#### Procedure and Provisions

Disciplinary action(s) are arranged in progressive Steps 1-4. Depending on the severity of the offense, one or more steps may be bypassed. The following information is provided as a guide in the use of this process.

In some cases, it may be appropriate for discipline to include corrective action, such as placement under direct supervision of the chair/dean with a specific plan for remediation and for a specific period of time. Documentation of corrective actions shall be included with the other documentation related to the disciplinary measure. Further, in some cases, it may be appropriate to reduce or eliminate overload and/or summer teaching assignments for those on less than twelve-month contracts or to reduce or eliminate perquisites or privileges of rank for a stated period.

If reassignment or relocation of an employee is being recommended for reasons related to discipline, the Human Resources department must be consulted prior to any action.

The Chancellor in consultation with Human Resources, reserves the ability to place an employee on administrative leave pending investigation of the allegations related to this procedure.

#### Disciplinary Violations

Unacceptable behaviors include, but are not limited to, non-performance, inappropriate conduct, unacceptable attendance and/or violation of College District policy or procedures.

If a situation arises which the listing does not specify, the behavior will be compared with and aligned with similarly listed violations in consultation with the Human Resources Department.

The unacceptable behavior(s) identified will normally result in issue of the corresponding *Step*, although impact, severity and intent of the actions will be considered in determining the appropriate level of discipline. Each offense may be treated as a separate *Step* under appropriate circumstances.
