The differences between remote and online learning

While some students prefer face-to-face courses, others prefer to learn in a virtual environment.

Online learning and remote learning may sound similar, but they have different meanings. Before choosing your learning method, make sure you understand the difference so you can select the mode of delivery that is right for you.

To learn more about the differences between remote and online learning, visit: [alamo.edu/online/blog/remote-and-online](http://alamo.edu/online/blog/remote-and-online)
