Our five Alamo Colleges know you are a student who has worked hard, and you do not want to lose time or money when you transfer. The Alamo Colleges District has numerous transfer agreements with four-year colleges and universities. These agreements are called Transfer Advising Guides, or TAGs. TAGs help guide you on which required courses will transfer from Alamo Colleges to your 4-year college or university.

The first step is to select a fully online TAG from a University you want to attend and which is offered by one of the Colleges. By following a TAG, you can skip the guesswork with the help of your Certified Academic Advisor and seamlessly complete your bachelor’s degree.

These fully online TAGs from the Alamo Colleges may or may not be available fully online at your transfer institution. To confirm if a program is offered entirely online at your transfer institution, visit their website or contact them directly.

To take full advantage of what TAGs have to offer, contact your college advisor, who will prepare you to start at one of the Alamo Colleges and to finish at a 4-year university. Enjoy your journey!

A 100% online program or other offering has all courses offered fully online and does not require you to come on campus or on an external site except for required proctored exams or to participate in a clinical, internship, cooperative education, or practicum site.
