REPORT OF INDEPENDENT AUDITOR

To the Boards of Directors of
Alamo Colleges Foundation, Inc.

I have audited the accompanying statement of assets, liabilities and net assets (modified cash basis) of Alamo Colleges Foundation, Inc. as of December 31, 2009 and 2008; the related statements of support, revenue and expenses (modified cash basis); and changes in cash arising from cash transactions (modified cash basis) for the years then ended. These financial statements are the responsibility of the Foundation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in Note 2, these financial statements were prepared on the basis of cash receipts and cash disbursements, except for the inclusion of unrealized gains and losses on investments, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of the Alamo Colleges Foundation, Inc. as of December 31, 2009 and 2008, and its support, revenue and expenses for the years then ended on the basis of accounting described in Note 2.

Notes to Financial Statements
December 31, 2009 and 2008

Note 1 – Organization

The Alamo Colleges Foundation, Inc. (the “Foundation”) was organized in the State of Texas in 1985 to function as a nonprofit foundation. The purposes for which the Foundation was organized are (1) to maintain, develop, increase and extend the facilities and services of the Alamo Colleges; (2) to provide broad educational opportunities to the Alamo Colleges’ students, staff, faculty and the residents of the geographical area that the Alamo Colleges serves; (3) to solicit and receive by gift, grant, devise, or otherwise, property, both real and personal, and to manage and administer the same; and (4) to make contributions, grants, gifts and transfers of property to or for the benefit of the Alamo Colleges, or to the benefit of other organizations identified and associated with the Alamo Colleges and which are tax-exempt organizations.

Note 2 – Summary of Significant Accounting Policies

The accompanying financial statements have been prepared on a modified cash basis of accounting, which is on the basis of cash receipts and disbursements, except for the inclusion of unrealized gains and losses on investments. The significant accounting policies used by the Foundation in preparing and presenting its financial statements follow:

Use of estimates

Management uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses. Actual results could differ from those estimates. There are no significant estimates included in the financial statements for 2009 and 2008.

Cash and cash equivalents

The Foundation considers all highly liquid financial instruments purchased with an original maturity of three months or less to be cash equivalents. The Foundation maintains cash and cash equivalents at financial institutions, which at times may not be federally insured or may exceed federally insured limits. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risks on such accounts.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statements of assets, liabilities and net assets. Realized and unrealized gains and losses are reported in the statements of support, revenue and expenses as changes in unrestricted net assets, unless restricted by donor or law. Donated marketable securities are recorded as contributions at their estimated fair value at the date of the donation.

ALAMO COLLEGES FOUNDATION, INC.
(A Texas nonprofit Foundation)
Notes to Financial Statements
December 31, 2009 and 2008

Note 2 – Summary of Significant Accounting Policies (continued)

Under the laws of the State of Texas, the Board of Trustees may appropriate for expenditure, for the uses and purposes for which the endowment was established, a prudent rate of spending considering the duration and preservation of the endowment. The Board of Trustees determines the amount of such appropriation annually. The aggregate unrealized gains and losses on donor-restricted endowment net asset balances are included in unrestricted net assets in the financial statements.

Contributions receivable

Contributions receivable are amounts recorded for unconditional or conditional promises to give by third parties. Because the Foundation reports under the modified cash basis, no balances for contributions receivable are recorded, and contributions receivable are only recorded as revenues when fully realized. Contributions are recorded when received in cash as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of the donor restrictions. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of support, revenue and expenses as net assets released from restrictions.

Fixed assets

The Foundation operates from facilities provided by the Alamo Colleges and does not own any buildings, equipment, or other capital assets. Donated equipment, which generally benefits Alamo Colleges operations, is recorded as revenues by the Alamo Colleges. See Note 7 for an estimated amount of in-kind contributions provided by the Alamo Colleges that includes an estimate of donated rent.

Presentation of expenses

The cost of providing the various programs and activities of the Foundation has been summarized on a functional basis in the accompanying statement of activities.

The following program services are included in the statement of activities:

- Scholarships are payments made to Alamo Colleges for tuition and books on behalf of specified students, staff, and faculty of the Alamo Colleges and the residents of the geographical area that the Alamo Colleges serve.
- Fundraising activities are directed at soliciting and receiving funds, gifts, grants, and property to enable the Foundation to fulfill its purpose.
- Administration consists of general supporting services that are necessary for the Foundation's daily operations and coordination of program activities.

Note 2 – Summary of Significant Accounting Policies (continued)

Net Assets

The Foundation's net assets and changes therein are classified and reported as follows:

Permanently Restricted Net Assets – Permanently restricted net assets represent the historical dollar amounts of gifts, including pledges and trusts, subject to donor-imposed stipulations to be invested in perpetuity, and only the income may be available for program operations.

Temporarily Restricted Net Assets – Temporarily restricted net assets are comprised of gifts, including pledges and trusts, as well as income and gains that can be expended, but for which restrictions have not yet been met. Such restrictions include purpose restrictions wherein donors have specified the purpose for which the net assets are to be spent or time restrictions imposed or implied by the nature of the gift (pledges to be paid in the future, life-income funds). When a restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of support, revenue and expenses as net assets released due to satisfaction of program restrictions.

Unrestricted Net Assets – Unrestricted net assets are all the remaining net assets of the Foundation. The only limits on unrestricted net assets are broad limits resulting from the nature of the Foundation and purposes specified in its articles of incorporation or bylaws and any limits resulting from contractual agreements.

Income Taxes

The Foundation is exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended, as an organization described in Section 501 (c)(3) of the IRC. However, income generated from activities unrelated to the Foundation's exempt purpose is subject to tax under IRC Section 5.1. The Foundation did not have any unrelated business income for the year ended December 31, 2009 and 2008. The Foundation is not considered a private foundation under Section 509 (a) of the IRC.

Donated materials, services, and facilities

The foundation receives administrative services, materials, and office space from Alamo Colleges at no charge to the Foundation. Materials, services, and facilities donated to the Foundation by the Alamo Colleges are mostly valued at the actual costs incurred by the Alamo Colleges in making those in-kind donations.

Note 2 – Summary of Significant Accounting Policies (continued)

Revenue recognition

The Foundation records earned revenues on the cash basis when received, with the exception of unrealized gains which are included in the financial statements. Contributions are recorded when paid. Contributions paid with conditions are recognized as revenue when the conditions have been substantially met.

New Fair Value Accounting Standard

Effective January 1, 2009, the Foundation adopted FASB ASC Topic 820 for Fair Value Measurements and Disclosures, which defines fair value, establishes an enhanced framework for measuring fair value and expands disclosures about fair value measurements. The Foundation's adoption of ASC 820 did not have a significant impact on the Foundation's determination of fair value in the financial statements. However, adoption of ASC 820 did result in expanded footnote disclosures in note 6 to the financial statements.

New Endowment Accounting Standard

Effective January 1, 2009, the Foundation adopted FASB ASC Sub Topic 958 for Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures For All Endowment Funds. ASC 958 provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA), and serves to improve disclosures about an organization's endowment funds (both donor-restricted and board-designated). The Foundation's adoption of ASC 958 did not have a significant impact on the Foundation's financial statements. Adoption of ASC 958 also resulted in expanded footnote disclosure in note 5 to the financial statements.

New Subsequent Event Accounting Standard

FASB ASC Topic 855 for Subsequent Events introduces the concept of financial statements being "available to be issued," and requires disclosure of the date through which an entity has evaluated subsequent events and whether that date represents the date the financial statements were issued or were available to be issued. ASC 855 does not result in significant changes to subsequent events that are reported either through recognition or disclosure in the financial statements. ASC 855 is effective for the Foundation's December 31, 2009 financial statements, and the Foundation has evaluated subsequent events through June 10, 2010, the date the financial statements were issued.

Note 5 – Endowment Net Assets

The Foundation's endowment consists of 123 individual funds established for a variety of purposes, including both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act of 2007 (the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Board-designated and donor-restricted endowment funds
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

(A Texas nonprofit Foundation)
Notes to Financial Statements
December 31, 2009 and 2008

Note 5 – Endowment Net Assets (continued)

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the Act requires the Foundation to retain as a fund of perpetual duration.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organizations must hold in perpetuity or for a donor-specified period as well as board-designated funds. The Board of Trustees has adopted a specific investment objective for the Foundation. The investment objective is to invest all endowments, local, or other available funds to optimize the return on investment to the extent possible, balanced with the appropriate level of risk. The objective is pursued by holding mostly fixed income investments such as money market funds (cash equivalents) and corporate bonds, and publicly traded mutual funds.

Under the laws of the State of Texas, the Board of Trustees may appropriate for expenditure, for the uses and purposes for which the endowment was established, a prudent rate of spending considering the duration and preservation of the endowment. The Board of Trustees determines the amount of such appropriation annually.

Note 6 – Fair Value of Financial Instruments

The carrying amounts of all applicable asset and liability financial instruments reported in the statements of assets, liabilities and net assets approximate their fair values at December 31, 2009 and 2008. Fair value of a financial instrument is defined as the amount at which the instrument could be exchanged in a current transaction between willing parties.

In accordance with ASC 820, the Foundation has categorized its financial instruments, based on the priority of inputs used in related valuation techniques, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

ALAMO COLLEGES FOUNDATION, INC.
(A Texas nonprofit Foundation)
Notes to Financial Statements
December 31, 2009 and 2008

Note 6 – Fair Value of Financial Instruments (continued)

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 (including net asset value) that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fair value hierarchy of investments at December 31, 2009 follows:

	2009			Total	2008
	Level 1	Level 2	Level 3		
M. M. and C.D.s	\$7,351,269.	\$ -	\$ -	\$ 7,351,269.	\$ 4,867,801.

Equities	<u>2,110.</u>	<u>-</u>	<u>-</u>	<u>2,110.</u>	<u>1,763.</u>
Total	<u>\$9,373,500.</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,373,500.</u>	<u>\$ 6,218,045.</u>

Note 7 – Support Agreement and Related Party Transactions

The Foundation and the Alamo Colleges have entered into an agreement for the Alamo Colleges to provide administrative support to the Foundation. The Alamo Colleges provide administrative support for the Foundation activities at a level determined by the Alamo Colleges to be appropriate, but only to the extent of availability of funds within the Alamo Colleges’ budget. Administrative support provided includes office space and executive director and staff for the Foundation. The total support provided by the Alamo Colleges to the Foundation in the fiscal year ended December 31, 2009 and 2008, was valued at approximately \$328,000 and \$245,000, respectively. These amounts have not been recorded in the modified cash basis financial statements.

From time to time the Foundation remits scholarship funds to the Alamo Colleges to cover tuition, books, and other student fees for specified students of the Alamo Colleges. During the years ended December 31, 2009 and 2008, the Foundation remitted the total of \$635,936 and \$996,590, respectively, to the Alamo Colleges for scholarships. The total scholarship fund due from the Foundation to the Alamo Colleges at December 31, 2009 and 2008 was \$100,000 and \$32,000, respectively. These amounts have not been included as liabilities in the financial statements.

Note 9 – Commitments

The Parent-Child Scholarship Program provides multi-generational scholarships. Parents who are eligible under this program and complete all requirements qualify their first-born child. The Foundation has not determined what amount, if any, will eventually be payable under this program.

Note 10 – Restricted Title V Funds

In compliance with the federal grant restrictions, Title V grant funds are deposited into segregated bank accounts and/or other investment accounts.

Note 11 – Unrestricted Net Assets

Unrestricted net assets are comprised of net assets that are not subject to donor-imposed stipulations as well as the aggregate amount of any deficiency in the donor-restricted endowments' net asset balances. The aggregate amount of deficiency in the donor-restricted endowments' net asset balances is adjusted each year with the net unrealized gain or loss on investments held for endowment funds. For the fiscal years ended December 31, 2009 and 2008, the aggregate amount of deficiency in the donor-restricted endowments' net asset balances was increased/(decreased) by (\$229,188) and \$440,469 respectively, representing the net unrealized gain/(loss) on investments held for endowment funds in those years. The balances comprising unrestricted net assets as of December 31, 2009 and 2008 were as follows:

	<u>2009</u>	<u>2008</u>
Aggregate deficiency on donor-restricted endowment net asset balances	\$ (229,024)	\$ (458,212)
Undesignated/unrestricted net assets	<u>81,048.</u>	<u>126,078.</u>
Total	<u>\$ (147,976)</u>	<u>\$ (332,134)</u>
