How To Call Forward To An External Number

8068s Premium DeskPhone

**Activating Call Forward**
Forwarding calls to another number (immediate forward)
The number can be your home, mobile, voice mailbox or an internal extension (operator, etc.)

1. Select the forward icon (📞) on your phone (or dial prefix *60)

2. Select Immediate fwd using the softkey

3. Type in the external number you wish to forward to, dialing prefix 9 first
   - *Example*
   - 9-1-210-772-xxxx

4. The system will notify you ‘programming is accepted’

5. Your phone is now forwarded

**Deactivating Call Forward**

1. To deactivate the call forwarding dial prefix *64.
