Launch Brainfuse

**About Brainfuse Online Tutoring**

Alamo Colleges students have access to free services within Brainfuse, such as:

- Connect with **Live Tutoring**
- Submit your **writing assignment** for review by a tutor with **Writing Lab**.
- Submit a **question** to a tutor and receive a reply.
- View thousands of Math and English lessons and quizzes in **SkillSurfer** and **LEAP**.
- View flashcards—or create your own—in **FlashBulb**.
- Form online study groups with **MEET**.

Each Alamo Colleges student receives a maximum of 300 minutes per semester of online tutoring. Each time **Live Tutoring** is used, the amount of time spent with a tutor is deducted from the 300 minutes. Please note that each live tutoring session is limited to 30 minutes. Also, each time the **Writing Lab** is used to submit a paper, or each time the **Submit a Question** option is used, 35 minutes will be deducted. If students use all 300 minutes within a semester and need additional time, they should contact their college's tutoring center for assistance. The contact information is within the **Brainfuse Resources** site.

To learn how to utilize these services and other Brainfuse tools, visit the Brainfuse Resources site for the guides and assistance. To view the available subjects and online tutoring hours, visit the Brainfuse Resources site for more information.
