### **Palo Alto College teams up with North Park Toyota of San Antonio to give away a car**

Alamo Colleges District – Palo Alto College and North Park Toyota of San Antonio have partnered up to get students where they need to go. When students enroll to attend Palo Alto College for the fall 2021 semester, they will be entered in the College’s Graduate and Drive Giveaway, and one lucky student will get the keys to a brand-new car at the May 2023 graduation.

“Palo Alto College has some of the most driven and determined students, so this is a great incentive for students who are planning to continue their education and graduate on time,” said Dr. Robert Garza, President of Palo Alto College. “We’re also fortunate to have a community partner like North Park Toyota of San Antonio as part of the Educate South movement that understands the importance of education and believes in our students.”

“We are happy to partner with Palo Alto College on the Graduate and Drive Giveaway to celebrate the accomplishments of students,” Tania Eubanks, General Manager of North Park Toyota of San Antonio. “As an Educate South partner, we are committed to the success of these future graduates as they begin their educational journey in college and beyond.”

There’s still time to [enroll](#) for the Fall 2021 semester at Palo Alto College. To be eligible for the Graduate and Drive Giveaway, prospective students must have graduated high school in 2021 and enroll in the upcoming Fall 2021 semester at Palo Alto College, complete an associate degree within two years from the first time of enrollment, and maintain a 2.5-grade point average at the time of graduation.

Getting involved is important to student success, therefore one additional entry will be added for eligible students who are actively involved in at least one of the many student organizations Palo Alto College has to offer.
