INTRODUCTION

The San Antonio College Fact Book provides general statistical information about the College which may be useful to those engaged in planning, preparing reports, writing grant proposals, or other endeavors within the College.

It is important for the reader to be aware that data presented in this publication may differ slightly from statistics found in other College and District reports. Such variances may result from differences in the source of information used, the date on which the report was generated, or the reporting period included in the report. For these reasons, the source of the information in each table and graph is cited. Trends should be tracked using identical sources each semester.

This year we reviewed historical data, checked it against the original sources and made corrections where necessary. Therefore, some of the historical data in this edition of the Fact Book differs from the data presented in previous editions of the Fact Book. This edition represents the most accurate and consistent data sources currently available.

Emily Dibble, Ph.D., Manager Sonia V. Valdez, Statistical Research Specialist

HISTORY

San Antonio College was established as University Junior College in September 1925, under the auspices of the University of Texas. The following year control of the college was transferred to the San Antonio Independent School District and the name was changed to San Antonio Junior College. Following passage of state legislation authorizing junior college districts, the San Antonio Union Junior College District was formed in 1945 and in 1946 assumed control of San Antonio Junior College and its sister college, St. Philip's Junior College. In 1948, San Antonio Junior College's name was changed to San Antonio College, and in 1951, the college was moved to its present location on San Pedro Avenue. Five hundred students were enrolled at that time. The Southern Association of Colleges and Schools granted accreditation to the college in 1955.

In the late 1960's, San Antonio College became a comprehensive community college by expanding offerings in occupational and technical courses and by assuming the San Antonio Independent School District's continuing education program. The name of the college district was changed to San Antonio Community College District in 1978; and in 1982 the district was renamed the Alamo Community College District.

In support of the mission of the Alamo Community College District, San Antonio College responds to its service area's diverse population by providing high quality general education, liberal arts and sciences, career education, continuing education and developmental education. The college has an average semester enrollment of 21,000 credit students and an average annual enrollment of 15,000 other-than-credit students. San Antonio College is the largest single-campus community college in Texas and one of the largest in the United States.

MISSION STATEMENT

San Antonio College – responsive education through excellence, accessibility and diversity. San Antonio College is a public community college which provides for and supports the educational and lifelong learning needs of a multicultural community. As a leader in education, San Antonio College is committed to excellence in helping students reach their full potential by developing their academic competencies, critical thinking skills, communication proficiency, civic responsibility and global awareness.

San Antonio College fulfills its mission by offering the following:

- Transfer education designed to provide students with the first two years of the bachelor's degree.
- General education courses in the liberal arts and sciences to support all college degree programs.
- Career preparation provided through a wide range of programs to prepare students for immediate employment.
- Developmental studies for students needing to bring their basic skills to a level appropriate for college work.
- Continuing education to offer a variety of training, licensure and professional programs.
- Academic support services that include a comprehensive learning resource center and basic skills activities that complement instruction.
- Student support services to provide assessment, advising, counseling, tutoring, financial assistance, and social and cultural activities for all students, including those with special needs.
- Promotion of cross-cultural understanding and appreciation through instructional and social activities that contribute to cultural awareness and interaction.
- Involvement of business, industry and professional groups in planning and revising educational programs to meet workforce needs.
- An environment conducive to learning through an attractive physical campus and wellnessoriented programs and services.
- Continuous assessment of programs and services and the utilization of results for improvement.
- Operation of the college within available fiscal resources to provide accountability to taxpayers of the Alamo Community College District.

ACCREDITATION & AFFILIATIONS

San Antonio College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees.

The Mortuary Science Program is accredited by the American Board of Funeral Service Education.

The program in Dental Assisting is accredited by the Commission on Dental Accreditation of the American Dental Association, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and by the United States Department of Education.

The Medical Assisting Technology Program is accredited by the Commission on Accreditation of Allied Health Education programs (CAAHEP), on recommendation of the Committee on Accreditation for Medical Assistant Education.

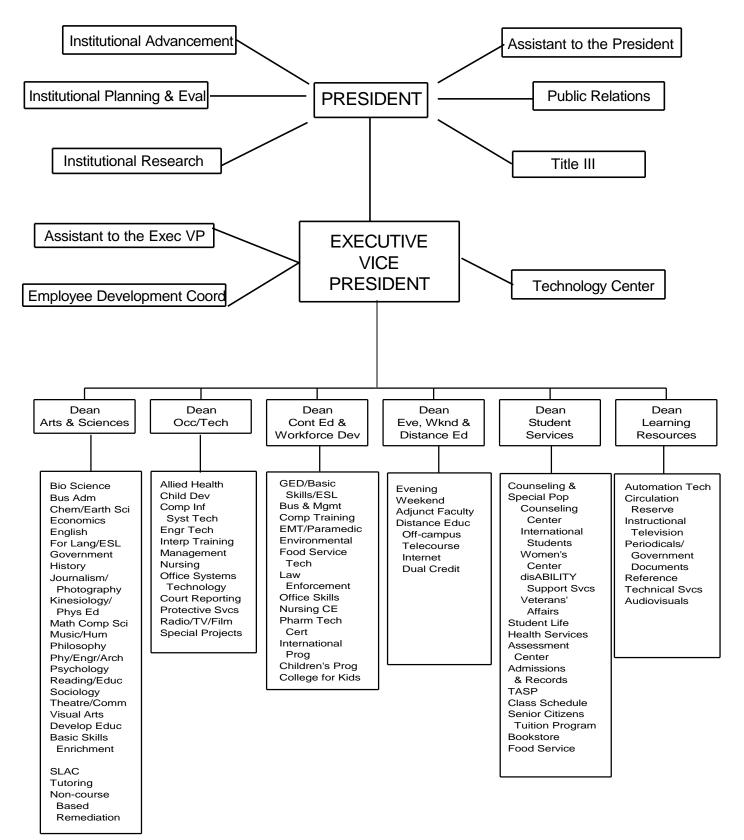

The Department of Nursing is accredited by the National League for Nursing.

The Child Development Program is accredited by the National Association for the Education of Young Children (NAEYC) and the Council for Early Childhood Professional Recognition.

The Fire Science Program is the first program to be accredited by the International Fire Service Accreditation Congress.

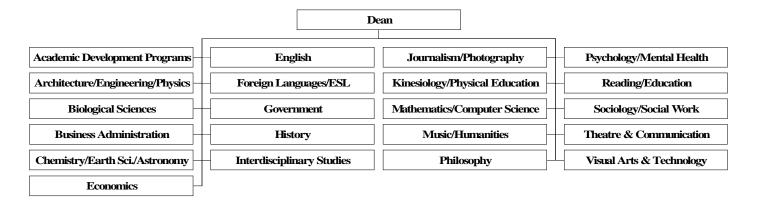

The college is also an active member of the American Association of Community Colleges, the Community College Consortium, Association of Texas Colleges and Universities, the National League for Nursing, the Southern Association of Junior Colleges, the Texas Junior College Association, the Texas Public Community and Junior College Association, Texas Educational Theatre Association and the Texas Association of Music Schools.

Students who wish to view the school's accreditation and licensing bodies documentation may inquire at the reserve desk of the Learning Resource Center in the Moody Learning Center.

ARTS & SCIENCES DIVISION

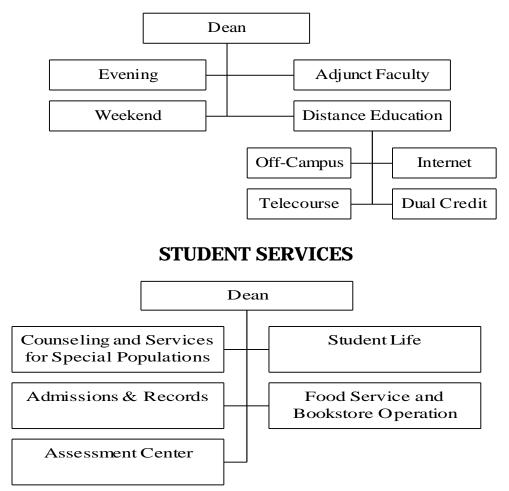

OCCUPATIONAL & TECHNICAL EDUCATION

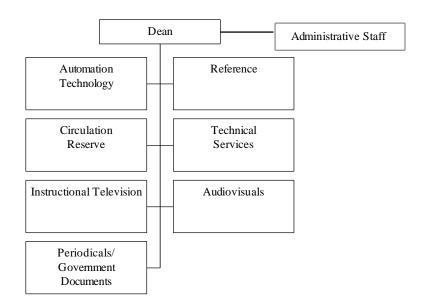

CONTINUING EDUCATION AND WORKFORCE DEVELOPMENT

EVENING, WEEKEND & DISTANCE EDUCATION

LEARNING RESOURCE CENTER

DIVISIONS

Arts and Sciences

San Antonio College offers a comprehensive Liberal Arts Curriculum designed to satisfy the requirements of the first two years of a baccalaureate degree. These general and transfer Arts and Science courses are offered by the following areas: Biological Sciences, Business Administration, Chemistry, Earth Sciences, Economics, English, Foreign Languages, Government, History, Journalism, Photography, Math, Computer Science, Music, Humanities, Philosophy, Physical Education, Physics, Engineering, Architecture, Psychology, Reading, Education, Sociology, Social Work, Theatre, Communications, and Visual Arts and Technology.

Occupational and Technical Education

Programs are provided for purposes of job or career entry; career development and change; industry/business start-up and development; transfer to four-year degree programs; and technical services to industry. All of the programs are linked with the employing community through active advisory committees, cooperative or part-time work experience, direct placement and career development activities, as well as the sharing of work-site laboratories and equipment.

San Antonio College offers local certificates, level one certificates, advanced certificates and Associate in Applied Science degrees in Accounting Technology, Banking, Court Reporting, Child Development, Child Care Administration, Computer-Aided Transcription, Computer Help Desk Specialist, Computer Programming, Criminal Justice – Corrections and Law Enforcement, Electronics Technology, Dental Assisting Technology, Computer-Aided Drafting and Design Technology, Engineering Technology, Financial Management, Fire Science, Graphic Arts, Interpreting for the Deaf, Legal Assisting, Labor Studies, Management, Medical Assisting Technology, Mental Health Technology, Microcomputer Data Entry, Microcomputer Specialist, Mortuary Science, Network Administrator, Nursing, Office Systems Specialist, Office Assistant Computer Operations, Operations Management, Public Administration, Radio-Television-Film Technology, Real Estate, Records Management, Safety Engineering Technology, Teacher Assistant, Facilities Management, Geographic Information Systems and Surveying.

Continuing Education and Workforce Development

Continuing Education provides nontraditional educational opportunities to meet the needs of students and employers in the San Antonio area.

Occupational and technical short courses are offered for business, industry, government and professional groups; seminars and workshops are developed to complement and supplement in-house training and staff development programs. These non-traditional courses are developed in collaboration with college faculty and community experts. Other-than-credit courses and activities are offered on campus and throughout the community with dates and times arranged for the convenience of the students. Continuing Education assists departments and divisions by serving as an outreach mechanism for channeling interested students into appropriate credit programs within the college.

Certification programs are offered for managers, secretaries, law enforcement officers, private security guards, emergency medical technicians, firefighters, real estate agents, insurance agents, executive housekeepers and health care personnel. Community service programs include conversational languages, personal development and life skills courses, summer courses for children and planetarium programs for the general public. Parallel and integrated programs include classes in General Education Development (GED) and English as a Second Language skills.

The International Students Office (ISO) serves primarily as official liaison between San Antonio College and the U. S. Immigration and Naturalization Service (INS) for approximately 230 students from 50 countries in Central and South America, Europe, Africa, the Middle East, Asia and South East Asia. The ISO assists prospective international students with applications for admission, registration, medical insurance, etc. Enrolled students are helped to take advantage of INS benefits while maintaining their legal status from the point of College admission to the point of transfer to another institution or return to their home country. This unit is dedicated to helping our international students succeed while enrolled at San Antonio College. Every effort is made to ensure the students return home with memories of a pleasant experience in the United States.

Evening, Weekend and Distance Education

Evening course offerings include regular academic courses leading to college degrees and certificate programs, developmental education courses, and other courses planned to be of community service and vocational interest to adults. Courses are offered if there is sufficient demand. Late afternoon, evening, weekend classes and distance education classes (off-campus courses and telecourse/internet/interactive courses) are scheduled for the convenience of students.

Distance Education

The Distance Education Office at San Antonio College provides information on course offerings, assessment and off-campus registration to students interested in taking college credit courses or developmental education courses off-campus. Distance Education offers SAC courses in area high schools, military bases, USAA, Citicorp, and the cities of Seguin, New Braunfels and Kerrville.

Dual Credit courses are offered to high school juniors and seniors who earn high school and college credit. School districts enter cooperative agreements with San Antonio College before dual credit classes are offered at a high school. Distance Education also provides course and schedule information on telecourses and Internet courses.

Student Services

Student Services are provided by Admissions and Records, Counseling, Health Services, Women's Center, disABILITY Support Services, Veterans Affairs, Tutoring Services, Special Services, Student Support Services Project, Job Placement and Follow-Up, Assessment Center, International Student Services, Student Development Program and Student Life. Student Life includes student organizations, student government, special event programming and recreational sports, such as intramurals and extramural club teams.

Learning Resource Center

The Learning Resource Center is a vital technologically advanced center of learning and exploration for students, staff, faculty and the community. Supplementing the book collection of 200,000 titles are 60,000 federal documents, 1,000 current periodical subscriptions, 65,000 microforms, 5,000 pamphlets, and 3,500 videotapes.

Informational resources owned by the library are listed in an online catalog. Additional resources are accessible through the Internet/World Wide Web. Subject databases, such as Cumulative Index to Nursing (CINAHL), are featured on a Local Area Network (LAN).

INSTITUTIONAL RESOURCES

Instructional Technologies:

The **Department of Instructional Technologies** was established to coordinate technological initiatives at San Antonio College. It functions in conjunction with the College Technology Committee to provide the technical expertise necessary to implement the College Technology Plan. The Department provides an official location to centralize information related to campus technical support and training for all academic and administrative units. It coordinates Campus activities with other organizations in the Alamo Community College District. The department includes the Technology Center, Help Desk, Instructional Innovation Center, and Technology Training Program.

Technology Center:

The **<u>Technology Center</u>** provides coordination, installation, and maintenance of campus computer systems and it provides technical support to all academic and administrative units. The Technology Center provides multimedia presentation units for classroom instruction, recommendations for purchasing, equipment setup, installation of hardware and software, implementation of off-campus connectivity, and assists other departments with planning.

The San Antonio College <u>Help Desk</u> functions as part of the Technology Center in order to provide immediate telephone assistance and trouble shooting for faculty, staff, and students. The Help Desk also develops and provides tutorials to assist the Internet Students. During the 1998-99 academic year, the Technology Center completed 1,123 service requests and served 75 departments.

Instructional Innovation Center:

The **Instructional Innovation Center** was established to provide training and assistance for faculty who want to enhance their instruction with new or innovative teaching techniques and technology. The Center provides a place for faculty to work with state-of-the-art equipment and software as well as obtain assistance and training with innovations such as, classroom presentations using computers and multimedia, computer-assisted instruction, infusion of the Internet and the World Wide Web into classroom assignments, video conferencing, and other techniques to improve learning and instruction. A certification program is provided for instructors, who develop courses to be taught fully over the Internet.

The **<u>Technology Training Program</u>** is provided in the Instructional Innovation Center for the faculty, staff, and administration of San Antonio College. This program was designed to assist with the achievement of certain college goals and to increase efficiency and effectiveness through the infusion of technology into the college classroom and office setting.

The following equipment is available for faculty and staff use in the Instructional Innovation Center: Pentium PC and Macintosh computers, with access to the Internet, E-mail, Advantage Financial Systems, and Student Information Systems. Additional equipment includes color laser and ink jet printers, image and text scanners, laser disk player, CD-ROM recorders, motion video capture card, microphones, LCD projectors, zip drives, digital cameras, VCR-TV, DVD drives, and videoconferencing equipment.

Instructional Innovation Center:

During the 1998-99 academic year the Instructional Innovation Center served 4,531 faculty, staff, and visitors on a walk in basis and conducted a total of 451 classes through the Technology Training Program. Training was provided on the following:

Multimedia and Presentations:

Microsoft PowerPoint, GoldDisk Astound, Macromedia Authorware, Adobe Premier Video Capture and Editing, Digital Media Techniques, Rolling Multimedia Site Administrator, Rolling Multimedia User

Design and Graphics:

Adobe PhotoShop, Adobe PageMaker, Corel Draw, PhotoPaint, Grypho Morph, Flash III, Adobe Illustrator, OmniForm, Paintshop Pro, Scanning Images and Text

General Computer Operations and Applications:

Microsoft Excel, Microsoft Word, Microsoft Access, Microsoft Outlook, Corel WordPerfect, Windows 95, Windows NT, Basic Computer Operations, Computer File Management and Organization

Internet and World Wide Web Design:

Netscape Communicator Composer, Corel Web Designer, DiDa, HotDog, Macromedia Dreamweaver, PageMill, FrontPage, Homesite, Gif Animator, Active Server Pages, Surfing the Web, Eudora E-mail, Preparing Graphics for the Web, Electronic Communications, Web Page Counter, HTML Coding and Editing, Instant Web Page Design, Organizing Web Bookmarks, Streaming Motion Video for the Web

Teaching Strategies and Research:

Classroom Research Design, Critical Thinking, Exploring Daedalus, Introduction to Teaching on the Internet, Teaching Skills for the Internet, Systems Issues Related to Teaching on the Internet

Video Training:

Video series on: How to Handle Difficult People, How to Supervise People, and Critical Thinking

Learning Resource Center

The Learning Resource Center is equipped with two state-of-the art classrooms where librarians teach students search strategies and techniques for finding relevant information using online databases or using traditional sources. An audiovisual center supports classroom instruction through its graphic, photographic and audio production facilities. The Instructional Television Center provides a contemporary studio and the means to broadcast telecourses directly to students' homes.

SOURCE: Learning Resource Center

Student Learning Assistance Center

The Student Learning Assistance Center (SLAC) supplements classroom instruction by offering learning strategies that enhance the success potential of traditional and non-traditional students in the college environment. The goal of the SLAC is to enable the Alamo Community College District (San Antonio College, St. Philip's College, Palo Alto College, and Northwest Vista College) students to be independent and resourceful learners by providing learning strategies appropriate to non-traditional students and students with diverse learning styles. SLAC develops independent learners by teaching students how to learn rather than merely giving them quick answers. The learning strategies offered through the SLAC include: Tutoring Services, Computer Services, Video Tape Services and Study Skill Services.

The SLAC has several computer programs for student use such as Accounting, Electronic mail, Foreign Languages tutorial, Internet access, Microsoft Office and word processing. The computers are available on a first-come, first-serve basis. On occasion, a teacher will bring a class into the SLAC for a demonstration of a specific software package, which may require several computers to be reserved for the class period.

During the 1998-99 school year, the SLAC had 64,163 student visits to use the computer facilities. Software programs include MS Word, WordPerfect, accounting, spreadsheets, databases, Internet, foreign languages, management, history, psychology, mathematics and chemistry. Over 400 class sessions were held in the SLAC during the year from Management, Business Administration, Legal Assisting, English, Public Administration, Chemistry, Computer Science and Continuing Education.

Tech Prep

San Antonio College is engaged in major technical and professional career preparation by providing continuity of learning and quality educational opportunities for all students. The Tech Prep/Associate Degree program is a significant component of this concept providing educational and career preparation in technical fields to high school students who will be the workforce of the future.

The concept of Tech Prep involves a sequence of knowledge and skills acquisition beginning in elementary school, linked with a guided, integrated high school plan of academic and technical subjects which connects the student to the community college and the university. Articulation provides the avenue for high schools and community colleges to share a jointly developed competency-based, industry-validated curriculum without duplication or repetition. The Tech Prep curricula in high schools and colleges represent a rigorous body of knowledge and skills that will prepare a better-educated worker with advanced skills and the ability to apply these skills as the world of technology changes.

In collaboration with regional independent school districts, San Antonio College has developed Tech Prep Associate Degree programs in Child Development, Computer-Aided Drafting and Design, Criminal Justice/Law Enforcement, Electronics, Medical and Dental Assisting and Office Systems Technology. A new Memorandum of Understanding between the U.S. Navy and San Antonio College has been signed allowing high school students to earn articulated credit toward an associate degree in nuclear electronics, advanced electronics and computers. These programs have been approved or are pending approval by the Texas Higher Education Coordinating Board.

Transfer Resource and Advisement Center

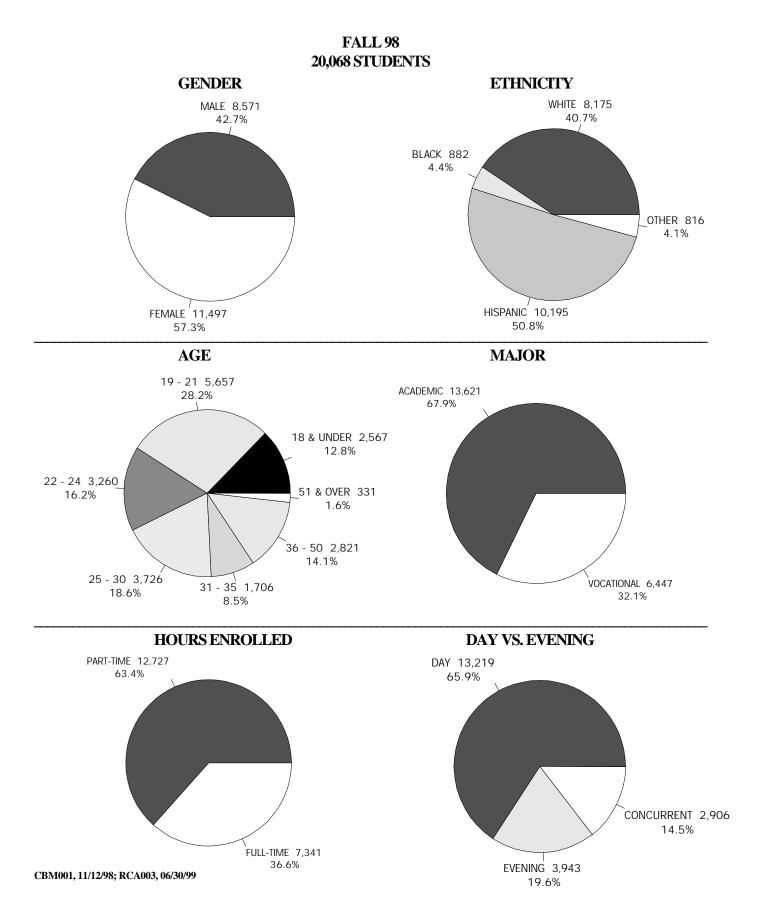

In the Transfer Resource and Advisement Center, students may obtain 2 + 2 degree plans, admission and scholarship applications to four-year colleges/universities, information on transferring, as well as several computer programs including: Peterson's Financial Aid Program and World Wide Web resources that include Web U. S. universities by state; college and universities-Mexico; office of admission at Universities on the Web, minority scholarships and fellowships, and academic advising resources on the Internet. Use of computers is on an appointment basis. Visits to four-year colleges and universities are offered periodically to allow students to see first hand local and out-of-town college campuses. Admission representatives from various colleges and universities provide students with firsthand information about transferring. A schedule of these visits is maintained in the Transfer Center.

DEVELOPMENTAL EDUCATION FALL SEMESTERS 1994-1998

CONTINUING EDUCATION & WORKFORCE DEVELOPMENT ANNUAL REPORT 1998-1999

HIGHLIGHTS

- Projected enrollment for the Division: 18,600. 435,213 reimbursable contact hours were reported for the year; tuition revenue also exceeded last year's total at \$ 39,381.
- The Division marketed the popular Microsoft Certification program to the business community in cooperation with the College's Department of Computer Information System.
- A formal application was submitted to the Texas Higher Education Coordinating Board to establish the Pharmacy Technician program as a certificate program.
- The College for Kids program, now in its 16th year, enrolled 358 students this year. Basic skills and language development programs served over 1,300 students. These efforts included the Intensive English Institute program which again enrolled over 350 students.
- The Division secured a \$ 151,000 U.S. Department of Labor grant, in cooperation with the Hispanic Association of Colleges and Universities, to establish a Welfare to Work project. This post employment program will utilize technology-based instruction to include CD-Rom and other self-directed software at the job site.
- The Texas Higher Education Coordinating Board completed its evaluation of Continuing Education as part of their site visit to San Antonio College. Their final report cited CE as an "outstanding" operation with particular attention given to our work with the business community and our College for Kids program.
- The Division completed its Program Review in June and received official approval status from the College Program Review Council.
- The Division is now offering over 100 on-line courses via the Internet through partnership with Education To Go.
- The Dean of Continuing Education addressed university presidents attending the Latin American University Rectors Conference (June 7-9, 1999) on the role and scope of continuing education units in American colleges and universities.
- The Division expects to generate \$ 982,050 in tuition and fee revenue for the 1998-99 School year.

CONTINUING EDUCATION & WORKFORCE DEVELOPMENT ANNUAL REPORT 1998-1999

CONTRACT TRAINING

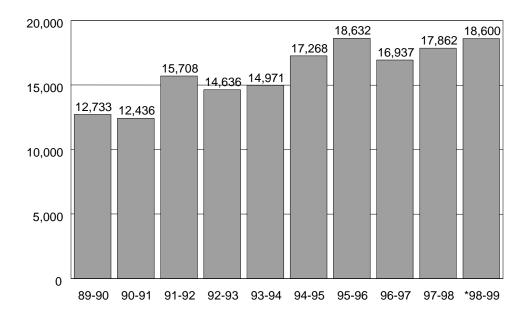

- The Division's customized training service was retained by 49 employers during the school year and generated \$126,000 in accounts receivable.
- The current training contract with the Center for Health Care Services was renewed for the sixth consecutive year in the amount of \$ 52,800.
- An accelerated technical training program is currently in progress for employees of the Southwestern Bell Corporation. A total of 22 employees entered the 320 hour program to retrain for technical job opportunities within the company.
- The Division was contracted by Randolph AFB to deliver two emergency medical technician training programs for civilian and enlisted personnel. All program completers applied for the National EMT Registry Examination and attained professional certification.
- The Division continued to serve State and Municipal entities this year delivering employee training programs to the City Public Service Board (Applied Chemistry, Surveying), Bexar County (Basic Skills), City of San Antonio (Supervisor Management, Communication, Team Building), Edwards Aquifer Authority (Basic Skills). Bexar County Appraisal District (Project Management), San Antonio Water System (Hazardous Material Refresher), Via Metropolitan Transit (Hazardous Material Refresher), City of Kerville (Food Service), and City of Shavano Park (Law Enforcement).

SIGNIFICANT ACTIVITIES

- Programmatic relationships with the Division of Occupational Technical Education continued this year involving the Department of Office Systems Technology, Computer Information Systems, Engineering Technology, and Protective Services.
- The Scobee Planetarium began a re-engineering process to position it for the future. A new mission statement has emerged, its first Advisory Committee has been organized, and a strategic plan developed to diversify its programs and activities.
