

CARES Act Higher Education Emergency Relief Fund 30 Day Report – May 2020

The CARES Act Higher Education Emergency Relief Fund-IHE/Student Aid provides funding to institutions to provide emergency financial aid grants to students whose lives have been disrupted, many of whom are facing financial challenges and struggling to make ends meet. Students cannot apply for assistance directly from the U.S. Department of Education but should contact their institutions for further information and guidance. Institutions have the responsibility of determining how grants will be distributed to students, how the amount of each student grant is calculated, and the development of any instructions or directions that are provided to students about the grant.

Accordingly, the following information must appear in a format and location that is easily accessible to the public 30 days after the date when the institution received its allocation under 18004(a)(1) and updated every 45 days thereafter:

1. An acknowledgement that the institution signed and returned to the Department the Certification and Agreement (link) and the assurance that the institution has used, or intends to use, no less than 50 percent of the funds received under Section 18004 (a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students.
2. The total amount of funds that the institution will receive or has received from the Department pursuant to the institution’s Certification and Agreement [for] Emergency Financial Aid Grants to Students.

San Antonio College's students apply through the Student Financial Aid Office which then evaluates their Title IV eligibility and other applicable CARE Act eligibility criteria. An electronic application is being used for students to request funds. Based on Department of Education guidance, supporting documentation of need was requested but was not mandatory. On the application, students request funds and also sign a certification stating funds are for expenses as a result of a disruption in their education due to the COVID-19 pandemic. The application was placed online in a pre-fillable pdf that was submitted electronically to the priorityaid@alamo.edu inbox. Financial Aid staff then process applications from the queue by date received.

Working collaboratively with the Student Advocacy Centers a rubric was developed to determine student need and award amounts based on current and potential ongoing short-term financial needs for eligible applicants. On May 12, 2020 a one-time distribution of \$300 to all Pell-eligible students who attended in the spring of 2020 was also awarded. To date, San Antonio College has disbursed 78.6% of their funds allocated to students.

San Antonio College utilizes the BANNER Student Information System. CARES Act awards to students are disbursed to the student account and then refunded directly to the students. The full CARES Act award is given to the student, with no existing balances impacting the refund.

7. Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants. All information provided to students is found on our website at www.alamo.edu/studentemergencyaid
