## Lucas Collins

DRAMA

*“Love art in yourself, and not yourself in art.”*

– Konstantin Stanislavski

Lucas Collins was born and raised in San Antonio. After graduating from Roosevelt High School, Lucas began attending San Antonio College in 2020.

Lucas focused on his studies while taking classes online. He also picked up a teaching job while still attending class online. Lucas was excited to take his first college theatre course when the campus opened again. He began working on campus through the Earn On program, which provided professional development opportunities for students, as well as participating as the stage manager for the production Looking For Normal.

Over the next semesters Lucas continued to participate in theatre, work in the auditorium, and focus on his studies. In 2022 after participating in three shows, behind the scenes and on stage, working, helping at home with his mom and pets, Lucas graduated with a 3.7 GPA and the confidence to continue exploring this world.
