Myriam Villasana Hernandez

BIOLOGY PRE-NURSING

“She believed she could, so she did.”

– R.S. Grey

Myriam Villasana Hernandez is a non-traditional student. She was born in Monterrey, Mexico but moved to San Antonio at the age of 12. She graduated from high school in 2003. After battling with COVID-19 in 2020, she realized it was a second shot at life and decided to pursue a college degree.

In 2007, she met her husband, Jose. They have been married for almost 15 years and have three children, 14-year-old Christopher, a lovely boy who was born with autism and is also mentally impaired; 13-year-old Sophia, who enjoys playing soccer; and an 8-year-old, Alondra, who loves the movie Frozen. For Myriam, her whole family is her main support system.

She is a member of the National Society of Leadership and Success and Phi Theta Kappa Honor Society. She also received a national scholarship from The Dream.US. In 2022, she received the Semmes Scholarship from the Alamo College Foundation and the Elzie Dietz Buxie Memorial Scholarship from the Women Empowered Conference. She plans to apply to the nursing program at San Antonio College to earn her Bachelor of Science in nursing.
