Dr. Adena Williams Loston
President
Saint Philip's College
1801 Martin Luther King Drive
San Antonio, TX 78203

Dear Dr. *Adena* Loston:

Thank you for your letters of June 4, 2014, notifying the Commission of 11 new off-campus instructional sites, effective fall 2014.

You submitted each site under separate letter; we are consolidating those into a single reply.

The off-campus sites are located in public and private high schools in the greater San Antonio metropolitan area. Students may enroll in St. Philip's College courses while enrolled in high school. At each location, students may complete 25-49% of the requirements for Associate of Arts (A.A.) or Associate of Science (A.S.) degree programs at St. Philip's College.

Please be aware that when 50% or more of the credits in a program are available at any of these sites, a prospectus for approval of a site should be submitted at least three months prior to reaching the 50% point.

The 11 off-campus instructional sites are:

Alamo Heights High School
6900 Broadway
San Antonio, TX 78209

First Baptist Academy
1401 Pat Booker Road
Universal City, TX 78148
