Your Rights and Legal Considerations:

Legal considerations- Notice to all applicants and enrolled students:

Enrollment into Health Sciences programs by students with felony or misdemeanor convictions could result in denial of an occupational license. These students would not be eligible for admission into the program until a declaratory order process is completed with the licensure and or certification board. A copy of the proof of eligibility for licensure and certification must be provided with the program application.

What is an "Occupational License?"

An "occupational license" is a license, certificate, registration, permit, or other form of authorization required by law or rule that must be obtained by an individual to engage in a particular business or occupation.

Your rights:

All applicants and enrolled students have the right to request a criminal history evaluation, per Texas Occupations Code, Sec. 53.102. An individual may request a licensing authority to issue a criminal history evaluation letter regarding the person's eligibility for a license issued by that authority if the person:

1. is enrolled or planning to enroll in an educational program that prepares a person for an initial license or is planning to take an examination for an initial license; and
2. has reason to believe that the person is ineligible for the license due to a conviction or deferred adjudication for a felony or misdemeanor offense.

The request from the licensing authority will state the basis for the person's potential ineligibility.

What is a "Licensing Authority?"

A "licensing authority" is a state agency or political subdivision that issues an occupational license.
