# Army Students Using TA:

25 JAN 2021 Message From: [GoArmyEd@GoArmyEd.com](mailto:GoArmyEd@GoArmyEd.com)

**On 12 February 2021, the GoArmyEd system is scheduled to go OFFLINE** to facilitate migration of the Tuition Assistance (TA) program to **ArmyIgnitED**. This will be a permanent action and TA program services will resume in ArmyIgnitED on 8 March 2021.

**Army TA requests will be unavailable 12 February 2021 and 7 March 2021.** The data and functionality will be available to all users in ArmyIgnitED starting 8 March 2021.

**Spring TA requests should be completed before 12 February.** Army Education Counselors will be working with Soldiers at the local installation level to assist. Pending non-LOI (Alamo Colleges District students) TA requests that have not been approved by an Army Education Counselor before 12 February 2021 will be transferred to ArmyIgnitED; however, the system will reject the request **if not approved before the start date of the class. After the fact TA is not a possibility and will not be permitted.**

**Questions regarding TA during this period should be directed to your Army Education Advisor.**
