TSIA2 Updates and Score Rosters for High School Test Sites
AGENDA ITEMS:

- Welcome
- TSIA 2.0 updates
- Auto upload reporting requirements
- Review of new format
- Best practices
- Q&A
- Breakout session
TSIA 2.0 UPDATES:

- TSIA/TSIA2 all scores are valid for 5 years
  - Mix & Match is permissible to reach college readiness (as of 1/22/21)
- ELAR/MATH both have second chance opportunity to reach CRC
- Customized learning resources based on diagnostic test results
- Use placement protocol (e.g., TSIA/TSIA2 scores, multiple measures) that results in the highest level of placement
  - Multiple measures is approved through summer 2022
    - Note the COVID waiver is NOT an indicator of college readiness
---

TSIA2 Important Reminders

- TSIA2 Test Administrators must adhere to all applicable policies and procedures related to administering the test. Failure to do so may result in loss of access to administer the TSIA2. Common issues include:
  - administering the Pre-Assessment Activity prior to testing
  - modifying Branching Profiles
  - ELAR retesting options (link to guidance)

Institutions cannot accept scores not aligned with proper administration of the TSIA2 (e.g., administering ELAR CRC and Essay stand-alone outside of ELAR retest options.)

What is the Banner System?

Banner is an Enterprise Resource Planning (ERP) software product used by colleges and universities in recording and maintaining data for students, employees, alumni, and donors.

Why Banner System updates are important?

- It is vital for all data in Banner to be accurate in order to ensure each student’s information is current & correct. Inaccurate data can prevent a student from qualifying for specific classes or programs.
- Accurate Banner data ensures high school counselors and college employees have the information needed to register students.
How Banner is updated?

- TSI scores for students testing at St. Philip’s College (SPC) are automatically loaded to Banner.
- Individual scores are requested through Cross Institutional Reporting Form and manually entered.
- TSI scores from high school test sites are submitted to SPC via CSV roster reports produced by high school’s site manager.
  - SPC staff will verify the CSV report is properly formatted and submitted for the import process.
    - Records must have a Banner ID in order to be imported.
  - Incomplete or inaccurate reports are returned to the high school for correction.
- DC liaison can provide a report with ACES ID, module status, and Banner ID.
There are several types of users in the ACCUPLACER System. The Site Managers at ISD sites usually manage several responsibilities which include:

- managing user/student profile
- creating vouchers
- customizing messages on score reports
- setting up branching profiles
- creating reports

Although the Institution Administrator is able to produce reports, typically the school’s Site Manager will produce score rosters and forward them to the college.
High school test sites are to submit score rosters to SPC via a CSV report.

These reports are produced through the ACCUPLACER system by the school’s Site Manager.

Before they are submitted to SPC the Banner ID should be added in the “Student ID field”.

Scores should be forwarded on a regular basis.
## REVIEW OF NEW SCORE FORMAT

BEST PRACTICES

- Retesting - Students may retake any TSIA2 test at any time. However, before attempting to retest, students are strongly encouraged to review the free practice resources again.

- The essay or ELAR CRC (multiple choice portion) test can be given individually ONLY in a RETEST scenario. Branching Profiles 04 and 08 are for these situations. Administering ONLY the essay portion of the TSI Writing Assessment is NOT acceptable, and colleges can refuse to accept scores in these or any instance where a branching profile has clearly been modified.

- Assess student and administer TSIA2 for college readiness early - leave time for prep and retesting.

- Submit CSV scores roster on a regular cycle (e.g., monthly, quarterly).

- If students do not reach CRC by the end of their junior year, remember College Prep Course (e.g., Texas College Bridge)
Q&A
Please have your IA or SM credentials on hand to login to ACCUPLACER for report setup.
Welcome TSIA Institutions of Higher Education

TSIA2 Learning Resources Information
- Go to this URL: https://tsia2.pearsonpowered.com
- Pass Phrase: TSIA2.edu

Training
- Go to the Training website.

NEWII Click here to access training topics. For a complete list of all dates and sessions, type TSIA2 into the Zoom search field, then click Search.

Following are the approved methods for TSIA2 Test Administration
- Standard On Campus
- Examity Live
- ProctorTrack Live
- Video Web Service Chat

Examiity Automated (AI) Proctoring is not allowed per THECB for ANY TSIA test administrations.

Please note: all test administrations are closely monitored to ensure compliance, especially during this time. Access to TSIA test administration will be deactivated if compliance is compromised (see TAC, Rule §4.55).

Ongoing System Maintenance
- System maintenance is scheduled for Sunday evenings, starting at 10:00 PM EST and ending on Monday midnight EST (2 hours total). Please avoid using the system at this time.

NEW! Click Here to register for New Training Topics. For a complete list of all dates and sessions, type TSIA2 into the Zoom search field, then click Search

Following are the approved methods for TSIA2 Test Administration
- Standard On Campus
- Externally Live
- ProctorLive
- Video Web Secure Chat

Examinations are only allowed per THECB for ANY TSIA test administrations.

Ongoing System Maintenance
Standard system maintenance is scheduled for Sunday evenings starting at 10:00PM EST and ending on Monday at midnight EST (2 hours total). Please avoid using the system at this time.

When resuming open test sessions after this system maintenance, test-takers will be required to start the test over from the first question. To avoid this, please have test-takers complete open tests Sunday, before the maintenance window begins. Otherwise, the test-taker will have to start from the beginning of the test when they resume.
Don't check "Load a Saved Query" the first time you set up your csv reports. These queries might be no longer valid so we'll make a new one.

Choose this first
Choose option that meets your needs.
Once you choose date filter, click Select Fields
Choose basic

Move selected fields to left column in order
Choose TSIA scores fields and move to right. We accept TSIA for five years.
Choose the current TSIA2 fields and move to right column.
Add supplemental ID
Click Download File Format Settings. Use the settings that you see here otherwise your score reports will not upload.
