St. Philip’s College is committed to providing a supportive learning environment and to fostering, safe, healthy relationships among our students. In this effort, Alamo Colleges initiated AlamoCARES, a prevention, education and support program regarding dating violence, domestic violence, sexual assault and stalking. It is our sincere hope that AlamoCARES will empower you to make well-informed decisions about life issues that affect your college years and beyond.

Within the AlamoCARES site, you will find information on rights granted by Title IX and resources to help educate and assist you when dealing with harassment and sexual violence. Coming soon are events, training and opportunities to bring awareness when dealing with difficult issues and creating discussion opportunities with students. Visit us at http://alamo.edu/spc/alamocares/ for more information.

The Alamo Colleges encourage individuals to bring forward information/complaints about sexual harassment and sexual violence. Retaliation against any individual who reports or participates in the investigation of alleged violations is strictly forbidden and will be enforced by the College administration.

If you believe you have experienced Sexual Misconduct you may consider the following options:

- Contact Campus Police at (210) 485-0099 (non-emergency) or (210) 485-0911 (emergency)
- Seek medical attention at a hospital or with a physician
- Report the incident at www.alamo.edu/TitleIXCoordinator/
- Contact SPC Counseling Services at (210) 486-2333 (Confidential)
- Contact parents, relatives or close friends for support

H.1.1 Equal Education and Employment Opportunities (Policy) www.alamo.edu/district/policies/
Alamo CARES has additional Title IX information and resources at: www.alamo.edu/spc/AlamoCARES

St. Philip’s College presents: 16 Nuggets

1. Consent is knowing, freely given, not passive, in clear words or actions, indicates permission to engage in mutually agreed upon sexual activity.
2. Forced consent involves physical violence, threats, intimidation and coercion (consider frequency, intensity, isolation, duration).
3. Incapacity is blackout/partial blackout, no working memory, the inability to understand who, what, when, where, why or how. All facts are considered.
4. Forms of incapacity are alcohol or other drugs (voluntarily or without victim's knowledge), mental/cognitive impairment, injury or sleep.
5. Remember this rule, no means no, but nothing also means no. Silence and passivity do not equal permission.
6. Remember this rule: To have valid consent, consent must be given prior to or with the sexual activity.
7. Remember this rule: Consent can be withdrawn at any time, as long as that withdrawal is clearly communicated by the person withdrawing it.
8. Evidence of incapacity may be: From a witness or the accused who may know how much the other party has consumed, slurred speech, bloodshot eyes, the smell of alcohol on the breath, vomiting, outrageous or unusual behavior, blackouts or black time, or unconsciousness.

9. Sexual harassment can be a hostile environment, quid pro quo or retaliatory in nature.

10. Sexual harassment can include stalking, bullying and cyber-bullying, relationship violence or hazing.

11. Relationship violence is also called domestic violence, or intimate partner violence.

12. Sexual harassment is unwelcome, sexual or gender based, verbal, written or physical conduct that is severe or an ongoing pattern, unreasonably interferes with education or employment or the ability to participate in or benefit from the college’s educational, social and/or residential program and is based on power differences.

13. 20% of college women and 6% of college men will be victims of attempted or actual sexual assault.

14. The accused sexual assailant loses time from class, may be expelled, may impact ability to obtain a medical license or get recommendations, and faces the stigma of “rapist”, and possible jail time.

15. 4 in 10 violent crimes against college students are committed by offenders using drugs or alcohol.

16. Survivors of sexual assault often experience falling grades, drop out or fail out, mental health issues (depression, PTSD), alcohol and drug use, or contemplate suicide.

Alcohol and Drug Abuse Prevention Program - 16 Nuggets
Counseling Services at St. Philip’s College wants students to know about our Alcohol and Drug Abuse Prevention Program. We also want students to know they are not alone, treatment works, there is help, and hope for individuals struggling with alcohol or drug use or abuse. Counselors work to help remove barriers to learning and safety for all. Come by to see a Counselor (Sutton Learning Center, #102), or call (210) 486-2333 for an appointment. Here are important words of truth, or nuggets of information:

1. What’s the problem with drinking? Alcohol affects feelings - sometimes as soon as the first drink. A person can suddenly become angry, depressed or happy. Alcohol can also lower judgment and self-control.
2. Treatment has three parts: The person must stop using the drug and receive treatment for withdrawal symptoms if necessary. The person must learn how the drug worked in his or her life. The person must learn how to avoid using the drug again.
3. Good reasons not to drink or use drugs: You avoid embarrassment. (You won’t throw up, say or do something you regret or get arrested.) It’s safer. You lower your risk of injury and death (from car crashes, fights, alcohol poisoning and overdose). You don’t break the law. You do better at school or work.
4. The person who is drinking is not the only person who is at risk.
5. Get counseling. Treatment works.
6. Suicide: Alcohol, used alone or with other illegal drugs, can increase a person’s risk of suicide. Drinking can make bad feelings last longer or seem worse. People who use alcohol to deal with depression are less likely to get help.
7. Murder: Guns, angry feelings and alcohol are a dangerous combination. Two out of three murder victims are killed with guns. Most murders happen when two people get into an argument that turns into a fight.
8. Alcohol and angry feelings can lead to physical abuse among families, friends and dating partners. When guns or other weapons are involved, the violence can lead to serious injury or death.
9. Eight out of ten rapists know the person they rape. Often the rapist, the victim or both have been drinking.
10. Someone who is drinking and feels angry might be more likely to argue, fight or be violent in other ways.
11. Call 911 if you think you or someone you know has been given a date rape drug. Stay with the person until help arrives.
12. Using drugs can make it hard to learn and remember things. School or work may seem harder. You can even get more colds and flus.
13. Refusing a drink is easier if you plan what you will say ahead of time and practice.
14. Taking too much of a prescription drug or using it with other drugs or alcohol can cause the drug to interfere with important body functions such as breathing, heart rate and blood pressure.
15. Binge Drinking: Drinking a lot in a short amount of time, often with the intention of getting drunk.
16. The only thing that can get alcohol out of the system is time – about one hour for each drink. Black coffee, a shower or fresh air won’t sober someone up.
