ST. PHILIP’S COLLEGE
A Point of Pride in the Community
ABOUT US

A POINT OF PRIDE IN THE COMMUNITY
St. Philip’s College is among the oldest and most diverse community colleges in the nation. Opening March 1, 1898, the school began as a weekend sewing class for six black girls, taught by Miss Alice G. Cowan, a missionary with the Episcopal Church. It is a comprehensive multi-campus institution dedicated to meeting the educational needs of San Antonio’s growing community.

SPC is the only college in the U.S. with the distinct dual designation as a Historically Black College and Hispanic Serving Institution. SPC has an enrollment of approximately *12,653 credit students per semester and approximately *2,998 dual credit, early college high school, and academy students annually. (*Enrollment numbers as of Fall 2022)

WALK IN YOUR PASSION
JOIN OUR TIGER FAMILY
GET MORE FOR YOUR MONEY
St. Philip’s College offers high-quality, cost-effective education. Federal, state, and institutional funds can be used to assist you in paying for your education. If eligible, these resources can help reduce college costs significantly.

**DEGREES**
- Associate of Science (AS)
- Associate of Applied Science (AAS)
  - Biomedical Engineering Technology (AAS)
  - CISCO Network Professional (AAS)
  - Computer Engineering Technology (AAS)
  - Information Technology Cybersecurity Specialist (AAS)
  - Information Technology Network Administrator (AAS)
  - Power Generation & Alternative Energy (AAS)
  - Web and Mobile Developer (AAS)

**CERTIFICATES**
- Android Application Developer (OSA)
- CISCO Networking Associate Level 1 (C)
- CompTIA Linux+ Certification Preparation (OSA)
- CompTIA Security + Certification Preparation (OSA)
- Computer Engineering Technology Assistant Level 2 (C)
- Cyber First Responders (OSA)
- Human Patient Simulation Technology (OSA)
- Information Technology Cybersecurity Specialist Level 1 (C)
- Information Technology Specialist (OSA)
- MCSE: Server Infrastructure Level 1 (C)
- Power Generation & Alternative Energy Level 1 (C)
- Power Generation & Alternative Energy Level 2 (C)
- Web and Mobile Developer Level 1 (C)
- Web Designer Apprentice 1 (OSA)
- Web Designer Apprentice 2 (OSA)

**PRE-MAJORS**
- Biology (PM)
- Biotechnology (PM)
- Business Administration (PM)
- Civil Engineering (PM)
- Chemistry (PM)
- Computer Science (PM)
- Electrical Engineering (PM)
- Geology (PM)
- Mathematics (PM)
- Mechanical Engineering (PM)
- Psychology (PM)

**DEGREES:** (AS) Associate of Science, (AAS) Associate of Applied Science
**CERTIFICATES:** Advanced Technical Skills Certificate, Enhanced Skills Certificate, Certificate Level 2, Certificate Level 1, (OSA) Occupational Skills Award
**PRE-MAJORS:** Major the student plans to pursue at the transfer university (PM). This is the subject area the student declares for advising purposes.
St. Philip’s College graduates highly-skilled, tech-savvy students in a variety of careers that support economic stability and regional growth. Listen to our students’ journeys and learn more at alamo.edu/spc/spc-proud

**DEGREES**
- Bachelor of Applied Technology in Cybersecurity (BAT)
- Associate of Applied Science
  - Baking and Pastry Arts (AAS)
  - Bookkeeping Specialist (AAS)
  - Business Management and Technology (AAS)
  - Culinary Arts (AAS)
  - Hospitality Management (AAS)
  - Hotel Management (AAS)
  - Office Systems Technology (AAS)
  - Office Systems Technology with Application Support Analyst Concentration (AAS)
  - Office Systems Technology with Internet Marketing Analyst Concentration (AAS)

**DEGREES (continued)**
- Catering Management Level 1
- Cloud Computing
- Chocolates and Plated Desserts Level 1
- Culinary Studies Level 1
- Culinary Studies Level 2
- Fundamentals of Business Communication
- Hospitality Management Fundamentals
- Hotel Rooms Division Level 1
- Hotel Select Service Property Management Level 2
- Microsoft Office Specialist
- Office Applications Specialist, OAS Level 1
- Principles of Hotel Food and Beverage Management Level 1
- Restaurant Supervision Level 1
- Restaurant Supervision Level 2
- Small Business Management Level 1
- Social Media Specialist

**PRE-MAJORS**
- Business Administration and Management (PM)
- Economics: BA Track (PM)
- Economics: BS Track (PM)

**CERTIFICATES**
- Artisan Breads & Specialty Desserts Level 1
- Baking Principles Level 1
- Baking Principles Level 2
- Bookkeeping Specialist Level 2

With AlamoONLINE, St. Philip’s College makes getting your degree possible by providing you with 12 programs and 12 other offerings you can complete 100% online. Additionally, you can choose from over 60 transfer agreements with four-year colleges and universities that you can start entirely online at St. Philip’s College.
Learn more at alamo.edu/online/spc

AlamoPROMISE scholars who meet the eligibility criteria will receive a “last-dollar” scholarship for up to three years or the completion of an associate’s degree or certificate. The “last-dollar” scholarship funds the cost of tuition and required fees that your financial aid award does not cover. Your household income does not disqualify you.

SOUTHWEST CAMPUS

WE LEAD IN CAREER TECHNICAL AND INDUSTRY TRAINING

Our Southwest Campus serves a vital role as South Texas region’s primary center for technical and industrial training and education. The college prepares you to pursue an industrial or technical career through a certificate or associate degree program. SPC Southwest Campus also provides education and training for employees facing career transitions and provides customized training for employers. It has expanded programs to connect you with prominent industry partners.

Participation in the National Association of Home Builders Student Chapter has increased opportunities for community service at project sites. Increased access to solar power/renewable energy scholarships and industry internships help you get inside your chosen career path.

SPC SWC is a testing center for various industry certifications such as: American Welding Society (AWS), Environmental Protection Agency (EPA), Occupational Safety and Health Administration (OSHA), North American Board of Certified Energy Practitioners (NABCEP), National Center for Construction Education & Research (NCCER), Manufacturing Skill Standards Council (MSSC), and more.
The Cyber First Responders Occupational Skills Award is designed to prepare first responders to effectively and efficiently act to counter cyber-based terror attacks against our nation’s network-based infrastructure. With this award, you may seek jobs such as Cyber Incident Handler.

The CompTIA Security + Certification Preparation Occupational Skills Award is an international certification that proves competency in system security, network infrastructure, access control and organizational security. With this award, you may seek jobs such as IT Security Compliance Analyst.

The CompTIA Linux+ Certification Preparation Occupational Skills Award is a great way to start your career in IT. Earning certifications shows not only that you have the right knowledge and skills to do the job, but that you are dedicated to your career. With this award, you may seek jobs such as Linux System Administrator.

The Information Technology Cybersecurity Specialist Level I Certificate prepares students to design, implement and secure computer networks and can be completed in one year face-to-face or fully online. With this award, you may seek jobs such as Information Security Analyst.

The Information Technology Cybersecurity Specialist, Associate of Applied Science degree prepares students to respond to security breaches, cyber attacks and, in some cases, data gathering for evidence to be used in prosecuting cyber crime. Students learn to design, implement and secure computer networks. The program of study for the associate of applied science degree is 60 semester credit hours and you can earn several occupational skills awards and a level 1 certificate while pursuing this degree. Information Technology Cybersecurity Specialist, A.A.S. in offered face-to-face or fully online. With this award, you may seek jobs such as Cyber Security Analyst / Cyber Security Specialist.

Bachelor of Applied Technology (BAT) in Cybersecurity
The Bachelor of Applied Technology (BAT) in Cybersecurity degree plan is an additional 60 semester credit hours above an associate degree. The combined total of 120 semester credit hours will qualify students to receive a Bachelor of Applied Technology in Cybersecurity Degree. With this award, you may seek jobs such as Information Technology Project Managers (Median Salary: $91,635), Security Management Specialists (Median Salary: $73,620) and Database Administrators (Median Salary: $100,307).
